STATE OF THE STATE ADDRESS 48th Arizona Legislature Second Regular Session

GOVERNOR JANET NAPOLITANO JANUARY 14, 2008

President Bee, Speaker Weiers, Honorable Senators and Representatives, Chief Justice McGregor and members of the Supreme Court, tribal leaders, honored guests and my fellow Arizonans:

My message to you today is clear: the state of Arizona is strong. And together, we are writing the story of its future.

To do that, we must build on the already-written chapters of Arizona's past, the story of the men and women who came before us – the Hohokam and Anasazi, the pioneers, the Buffalo soldiers, the many who moved here from other states and other countries.

And we will continue to build on the work we began five years ago.

During that time, we have been dedicated and consistent, focusing the story on issues that matter most to the people of Arizona: our children – educating them and preparing them for their futures; building safe and strong communities; and reaffirming our heritage as a state where hard work and good ideas lead to prosperity. We've made progress on every score, and in doing so, we've restored Arizonans' confidence that ours is a state that's going places.

Today, our duty is to keep this momentum going, even as we confront the challenges of our current budget. Arizona is young and vital. Our extraordinary growth propels us toward a new, dynamic time of transition, where bold ideas can take root, and where we can fully embrace what it means to build our future. With our heads up and with full steam ahead, let's get to work, and keep this powerful narrative moving.

I see it as a story with five interlocking chapters. Chapter One, for me, will always be <u>education</u>.

I believe education is the most important chapter for our future. Look where we stood just five years ago. There was no plan to give Arizona's children the early start they

need and deserve. Teacher pay was lagging, and we weren't doing what was necessary to support our new teachers and keep our best educators in the classroom. Phoenix was the largest city in the nation without a university-based medical school and our state was not graduating enough students with college degrees to keep up with our growth.

Fast-forward to today. We've created a new grade level by making full-day kindergarten available to every Arizona family. We've made historic investments in early childhood education and in teacher pay. We've broken ground on an all-new medical campus, tripled our contribution to student financial aid, and built up our universities.

This is progress, and it is precisely where we needed to go.

Now, we must move quickly – this year – to implement the voter-approved initiative aimed at early childhood. Beginning with our youngest children, we must focus on preschool and quality child care, so that children are fully prepared for the all-day kindergarten we now provide.

For older students, we set the tone last month when the State Board of Education raised expectations and standards to require more math and science in high school. I believe – and our educators believe – these new standards are key to what must be the central goal of an Arizona education: giving our students the skills they need to succeed in the high-tech, high-knowledge world of the $21^{\rm st}$ century.

And now that we've changed the graduation standards, tests need to be changed to match. For example, students now will have had four years of math, taking them to the Algebra II level. It makes no sense to test them to a level they completed two years earlier.

So we need to look at everything – including AIMS – to make sure we're testing for the right things, at the right times, and for the right reasons.

It's also time to end the fiction that a high school diploma is the final goal of education or that a student should be allowed to drop out at the age of 16. An Arizona diploma should demonstrate that a student is fully prepared for higher education, whether in a technical or vocational setting, a community college, or a university. Yes, we should make reasonable alternatives available for students who can't succeed in a regular classroom. And the dropout age should be raised to 18 years old.

Higher standards for students mean we must sustain a higher-quality corps of math and science teachers by expanding teacher loan forgiveness, scholarships, and incentives. Last year, you took a big step in this direction by providing initial funding for these incentives, and by funding more math and science teachers; I ask you to do the same this year.

We've added rigor to the curriculum and raised expectations. But high standards must come with strong support, which you should provide; and we must also reward our students when they succeed.

Given our budget constraints, we cannot do as much – immediately – as we would like. But we can look to the future. The eighth graders of today are the high school class of 2012 – Arizona's centennial class. I say, let's make a contract with these *Centennial Scholars*, and with all the classes that follow. Let's agree that any eighth grader who pledges to stay out of trouble and maintains at least a "B" average in high school will be guaranteed free tuition at any of our community colleges or state universities. Let's act now for the class of 2012, and for every class thereafter, because the promise of these *Centennial Scholars* is the promise of Arizona's next 100 years.

Rewarding students who are excelling is a good step, but we must recognize that higher education is something that all Arizona children will need to succeed. It's a pathway to prosperity and, in Arizona, it's also supposed to be affordable. I propose that, beginning next year, all Arizona universities guarantee that when a student begins college, his or her tuition will not be raised for four years – period. Times change and tuition will rise, but it shouldn't go up once you've started your coursework. Call it a "fixed-rate" loan on the best investment we can make in Arizona's future – our children.

We also need to educate and train more health care professionals. To achieve that end, the new university medical campus in Phoenix, which will bring more doctors, nurses, pharmacists and other health care professionals to Arizona, is paramount. My budget asks you to authorize the funding necessary for this project, which will make Arizona a world leader in cutting-edge medical education and health care.

While we invest in these medical degrees, let's remember that Arizona has to increase the number of students who earn bachelor's degrees.

In the past five years, that number has grown, and our community colleges are granting associate degrees at a very competitive rate. But we need to do more. I call on our higher education institutions to work together and double the number of bachelor's degrees they produce by the year 2020. To do this, our universities have to increase graduation rates, retain more students, create more options for students in rural areas, enroll more first-generation students, and boost the number of students coming from community colleges. This Legislature needs to support them now in these critical tasks.

Before I leave this chapter on education, I will remind you of a critically important fact: 15 percent of students come from families that do not speak English. These students must learn to read, write and speak in English as soon as possible. I put this challenge to legislative leadership: take our tax dollars out of court and put them back in the classroom, where they belong.

Our education system is linked to the needs of Arizona's economic future. There is no separation. We need more teachers. We need more engineers, scientists, urban planners, water specialists and entrepreneurs. We have worked ardently, from preschool to community college and university, to increase the quality of an Arizona education, and then to align education as a whole to the needs of Arizona's economy. We are still writing the education chapter of our Arizona story, but the direction we have taken is the right one.

This takes me to Chapter Two: <u>economic prosperity</u> and a diverse, knowledge-based economy. While entrepreneurs have long found success in Arizona, five years ago, our economic development strategy was haphazard and uncoordinated. Too few leaders were thinking beyond the housing economy.

We were making scant efforts to foster businesses in areas where Arizona can lead the world – like solar power, optics, or personalized medicine.

In the past five years, we've added more than a half million new jobs. We've become a top state in the country for attracting and retaining jobs and companies. We've made historic investments in rural economic development – including the important tourism industry – provided tax relief for innovative high-tech companies, increased Arizona's exports and foreign investment, and retooled the state Department of Commerce to do even more.

And in the last year, we've created an entirely new model for guiding economic development efforts in Arizona. The Arizona Economic Resources Organization – AERO – unites the public sector, the private sector, the education community, and the philanthropic community to target economic development efforts in Arizona. Success in the future economy will depend on innovation – so we are being innovative in our own approach.

International trade will be an important part of our economic future. While public debate has focused on illegal immigration, billions of dollars of lawful commerce cross Arizona's border each year. Right now, delays at the border tie up trade that is vital to Arizona's well being. I have already named former Congressman Jim Kolbe to head Arizona's effort to build strong commercial corridors through our state. Today, I have also asked him to update Arizona's ongoing strategy for improving our ports of entry, so that we can support a system that works for Arizona.

As we take our economic development efforts to the next level, we also have to continue to find ways to <u>maximize our research dollars</u>. We did this together by creating and funding Science Foundation Arizona, which has turned out to be a wise and remarkably effective decision. Science Foundation Arizona's mission is to meld government, industry and education into a new business model that emphasizes innovation and discovery.

Our investment has already paid us back in breakthroughs.

Science Foundation Arizona has funded significant research, ranging from the development of targeted, personalized cancer treatments, to the creation of a brandnew source of biofuel.

The Foundation's Competitive Advantage Awards program provides seed money for basic research throughout our state. Their grants to programs throughout Arizona last year brought in \$9 in federal funds for every \$1 invested. And the \$25 million you appropriated for this year has been matched by another \$25 million in private dollars. This is an outstanding return on investment, and it's an investment we need to continue.

Switching to personal investments for a moment, let's talk about Arizonans stuck in the subprime-lending debacle.

I have met with the major lenders in our state. We have agreed that buyers should have the chance to work out their loans with lenders and to stay in their homes; yet, they must still meet their obligations to the businesses that lent them money.

Now, it's our job to keep this mess from happening again. To do this, I've created a three-step plan.

First, the Department of Real Estate, at my direction, has created the *Homebuyers' Bill of Rights*. It is available now, on the Web and in print, and it gives homebuyers information about roads, water, police and fire services and more. It's a tool for making educated financial decisions, and it's step one.

For step two, you need to pass the Arizona Home Equity Theft Protection Act, to license "equity purchasers." There are some in this category who prey on vulnerable homeowners and use deceptive practices to cheat them out of their homes. <u>Let's pass the bill and put the bad guys out of work.</u>

The third step is to license loan officers. When an Arizonan sits down to talk about buying a home – usually the biggest investment they'll ever make – the person on the other side of the table should be experienced, educated and ethical. Once they're licensed, that license can be removed for behavior that violates the law or the ethical rules of the profession. Our state's lenders want high standards in their field, so let's work with them and get this done this year.

We will live through this housing-market downturn, and we will mitigate those that come in the future. It's all part of protecting Arizona; which brings me to Chapter Three in this story of Arizona's future: our security and public safety.

Five years ago, our state lacked adequate counter-terrorism resources. Arizonans didn't have a central place to go for information if a disaster struck. And while border crime was escalating, local communities didn't have the tools or manpower they needed, and the issue was not even on the federal agenda.

Today, we have a 24-hour terrorism intelligence center and a statewide 2-1-1 system to disseminate public safety information. In five years, we've increased DPS funding by more than 60 percent. We are entering the third year of a four-year plan to ensure that every person who needs shelter from domestic violence can get it. We've deployed the National Guard at the border at federal expense, cracked down on border gangs, drug smugglers and human traffickers, and we've become the leading state in the nation in confronting America's broken borders head-on.

When it comes to regaining control of immigration, the federal government has been a miserable failure. Arizonans know – better than anybody – that immigration problems aren't going away. And until there is comprehensive immigration reform by the federal government, we will have to deal with those problems.

It has been against the law in the United States for business to hire illegal labor since 1986. Congress left to the states the option of imposing licensing sanctions. Now, we've taken them up on it. Arizona's employer sanctions law has taken effect, and we will continue to implement it. But on the day I signed it, I wrote to you and pointed out flaws that still need your attention. You can make these changes and yet keep the law's meaning, purpose, and strength.

You should add to the law a definition of what constitutes a "complaint," so that law enforcement does not have to waste resources chasing down anonymous calls from malicious competitors or disgruntled employees. You should clarify that a wrongful hiring decision at one location doesn't shut down an entire chain of stores and put legal Arizonans out of work. The law has to ensure that vital infrastructure, like nursing homes and hospitals, can continue to operate. And you should specify that the law cannot be used to discriminate.

As I pointed out to you when I signed the employer sanctions bill, this Legislature did not set aside enough funding to enforce it effectively.

I have a solution that you can act on quickly: redirect some of the money that the state recovers from successful prosecutions. Each year, Arizona prosecutors receive millions of dollars from penalties paid when a criminal racket is stopped.

It's a good concept; in fact, last year, some of that money funded an all-new, state-of-the-art crime lab for Southern Arizona.

But too often lately, we see this money go for TV commercials that amount to little more than publicity for an elected official. That's the wrong way to use it. Pass a bill that uses the money for core functions of law enforcement – like body armor and investigators; then dedicate a part of that money to enforce the employer sanctions law. In a tight budget year, this is efficient, and ensures that the money is used responsibly and effectively.

You must also pass the legislation necessary to authorize a second, optional driver's license. This is the "3-in-1" card that serves three purposes: it is a driver's license; it is a passport for those U.S. citizens crossing from Mexico and Canada; and it is proof of citizenship – for purposes of the employer sanctions law.

Some were quick to criticize, but the facts are these: it is <u>more</u> secure than your current Arizona driver's license; it is <u>voluntary</u> – no one will be required to have it; and it could be available at minimal cost to Arizonans by September of this year. Arizona employers have been asking for an alternative to the federal E-Verify system. This could be it.

We need to keep fierce pressure on the organized street gangs and criminal rackets that smuggle humans, narcotics, stolen vehicles, and weapons into our state. You can do this by continuing your support of DPS officers – especially in the highway patrol division, in the GIITEM gang task force, in crime labs and in forensics.

Next, let's keep working to take away the tools of the smuggling trade. We went after fake ID's, with the Fraudulent ID Task Force, and that's working; we went after wire transfers of illegal profits, and that's working; we went after stolen vehicles used to bring people into the country illegally, and – guess what? – that's working, too.

The next step is to target the drop houses located in family neighborhoods all over Arizona. Right now, law enforcement can go after the property owners. But too often, it's the middleman – the property manager – who rents out a house, knowing full well it will be used as a drop house. Strengthen the law, so we can get to that middleman. No ID-s, no money, no cars, no drop houses - that's how we will ultimately put an end to this savage industry in Arizona.

Violence around the world reminds us all that outside threats to our nation and our communities continue. The Arizona Counter Terrorism Intelligence Center has so far trained and equipped hundreds of Arizona law enforcement officers to be prepared for a crisis. Yet federal funding for this critical center has been slashed. In order to continue the important work we have begun, my budget allocates \$1.4 million to operate this facility.

Finally, I want to bring the subject of security back to the home, and to children. Child Protective Services has come a long way, but we still have work to do.

It has become increasingly clear to me that to do more for our children, we need to do more about the substance abuse that grips their parents. Case managers will tell you that when a child is in danger, substance abuse is nearly always in the picture.

We have many prevention and treatment programs; the problem is, they're spread around various parts of state government. Today, by executive order, I have directed that substance abuse dollars be targeted so that the families of children in the child protective system are <u>first in line for treatment and services</u>. Let's make sure that these parents – who want to get clean for the sake of their children – have access to all the services that can help them do it.

In addition to this, it's obvious that CPS caseloads are still just too high. My budget asks you to fund additional case managers this year, so we continue to bring caseloads down to protect children.

Chapter Four in the story of Arizona's future is <u>transportation and growth.</u> Over the past five years, we've added 652 new lane miles of freeway, and secured hundreds of millions more dollars for transportation projects. We've implemented a forest health strategy, created our first-ever statewide drought and water conservation plan, and worked to prevent wildfires. We passed the most significant air-quality legislation in a decade. And just last month, we signed an historic agreement among the Basin States to manage Colorado River water.

Now, we're looking at even more explosive growth – a near doubling of our population in the next few decades. As I've said, Arizonans need relief from the "time tax." People need to get from work to home, to their places of worship, to the store, and to school to pick up their children, without constantly having to sit, breathing bad air, stuck in a traffic jam.

It is time to act.

We need a statewide plan to create functional new transportation corridors that serve growing communities. We also must actively include tribal governments, because all roads in Arizona – almost literally – go through Indian Country.

This plan must include not just necessary freeway construction, but also transit options – including a robust rail element – because we simply cannot out-freeway the problem. Imagine expanded freeways, more local transit, plus a Tucson-to-Phoenix rail line, and you'll see how we need to write our transportation chapter.

The Arizona transportation plan of the future envisions a state of 10 to 12 million people and a transportation infrastructure second-to-none. It will not be cheap, but we are already lagging, and to continue to wait – to play catch-up – as opposed to planning ahead will only make the whole thing cost more. By this spring, the critical studies will be near enough to completion for you to act.

I ask that you schedule hearings, and prepare to refer to the ballot – either in 2008 or 2009 – an Arizona transportation plan that provides the infrastructure we need for the decades to come.

The 9.3 million acres that our state holds in trust are also critical. After a summer spent working with key legislators of both parties, we are close to an agreement on a referendum to reform state trust land, as well as a statutory package to implement that referendum. I ask that you refer state trust land reform to the ballot this year, and that you pass the implementing package this session. If you deal with transportation and state trust land reform, you will have created an important legacy for Arizona.

Energy is key to our state's ability to grow and prosper. As our demand for energy grows – and our dependence on foreign oil becomes ever more troublesome – it is time to take the next steps toward changing how we generate and conserve energy. This session, you will have before you a package of energy legislation to get us there.

Following the lead of the Arizona Corporation Commission, we should require that – by 2025 – all electric utilities provide 15 percent of their electricity from renewable sources. Likewise, at least ten percent of fuel sold in Arizona should be low in carbon emissions.

Next, let's replace the current crazy quilt of local energy conservation rules with real statewide minimum standards for new construction, then ensure that every new building in Arizona is built to meet them. Finally, let's address climate change and

greenhouse gas emissions by creating new energy efficiency standards for appliances; new opportunities to generate and use renewable energy; and standards to reduce emissions of harmful pollutants such as diesel exhaust. Taken together, this work will allow us to move Arizona forward toward a vision of a stable climate and sustainability.

Population growth, combined with climate change and its resulting drought, will make water an ever-present factor in Arizona's future. Through our laws, ordinances and building codes, we must continue to emphasize conservation, as well as preservation of riparian habitat, as we develop new water infrastructure for our state.

From transportation to state trust land to energy to water, we have a statewide vision for our future. Our statewide growth policies will encourage planning that is comprehensive and includes all levels of government – town, city, county and tribal. We all have to be on the same page. We are many communities, but we are One Arizona, and we must work together so our story for the future reflects that.

Chapter Five in Arizona's story is **health care**.

We've come a long way in five years. Then, Arizona's health care workforce couldn't keep up with our growth; the cost of prescription drugs was outside the reach of many Arizonans, with little help available. And we were stuck in the age of paper, not maximizing technology to electronically connect patients and providers with medical records.

Now, we have a new medical campus in Phoenix; we have <u>nearly doubled</u> enrollment in programs for registered nurses; and the CoppeRx Card has saved Arizonans millions on prescription drugs. More children than ever get well-child check-ups, and more families can learn about health insurance for their children through KidsCare. And we have received <u>more than 16 million dollars</u> in federal grants because of our leading-edge work in electronic health care systems.

This is good work. Now, we need to do more, because, for too many Arizona families, the doors to health care remain shut. As I've traveled the state, I've heard the same stories again and again: someone loses a job, or they work for a small business that is not able to provide health care. Or, a child in the family has an ongoing health condition that prices insurance way beyond their reach.

It's time to face the facts: families need health care.

Children, in particular, need and deserve a healthy start. KidsCare is an effective program, and we know it works, so let's build on that success. Let's allow families – who are currently shut out of the health care system – to buy health insurance for their children at the parents' cost, with no subsidy from the state's general fund.

For parents fighting for health care for their children, this new program – call it "KidsShare" – would be a viable option. We would begin to open the doors to health care in a way that's fair and responsible.

Next we need to expand the amount of time a child can stay insured.

Children become young adults; and young adults are the fastest-growing group of uninsured in our state. They live lives that involve part-time and entry-level jobs that increasingly don't offer health benefits; they also, way too often, gamble that they will never get sick.

We can't afford that gamble. Small health problems, left unattended, can become big and very expensive conditions the state may have to pay for.

These young people should be able to maintain the health care they've grown up with. I have directed the Department of Administration to find ways for the State Health Insurance plan to allow all young adults – up to the age of 25 – to continue coverage on their parents' insurance, so long as this can be done in a way that is cost-neutral to taxpayers. I ask you to expand this concept to the private insurance market so that more of our young people are insured.

Those who can afford health insurance still need our help. Finding good health care is hard; understanding health care insurance plans can feel like a hopeless pursuit. I ask you to require that insurance companies supply the state with timely, accurate information about their plans, and the sticker prices for their coverage.

The state will then publicize this information in a clear, consumer-friendly way. It seems simple – because it is. And it is also necessary.

For our seniors, we should continue to build on last year's work, and reward the highest-quality nursing home care providers. The state will pay more money to those nursing homes who offer better quality care that leads to their residents having the best health outcomes. My budget will accomplish this, and as a result, we will prevent even more devastating conditions down the road.

Next, we will continue our work to grow Arizona's health care workforce to match our growing population. In my budget, I propose that we triple the state funding for our loan repayment program to recruit physicians, nurse practitioners and dentists to work in underserved areas, such as rural and tribal communities. Again, it will be a costneutral action.

Finally, let's continue the work we've begun for our veterans. They served for us; it's our turn to serve for them.

Arizona's more than 600,000 veterans deserve to receive the benefits they have earned. Veterans' Benefits Counselors – who work for the state – are experts in finding those benefits, and connecting them to the military men and women who need them. We will continue to aggressively expand the number of these counselors across all parts of the state. By the end of this year, there will be an Arizona veterans' benefits counselor within an hour's drive of virtually every veteran in our state.

Last year, I met with our state's leaders in health care, and there was remarkable consensus on the ideas that should move us forward: health care should be within the reach of our citizens; Arizona's health care system should be simple and smart; it should promote care that is efficient and effective; and base care decisions on prevention and staying well, rather than merely treating the sick. The proposals I've outlined today further these principles, and move Arizona forward toward an accessible, affordable, and high-quality health care system.

These are the five chapters we are weaving into the story of Arizona's future. It is a powerful narrative, one of progress, action and success. It is not one we can allow to be cut short because of a temporary economic condition. Yet, that's just what some are calling for: harsh cuts that are unwise and unnecessary.

Let me tell you a few things that this budget shortfall is <u>not</u>. It is not permanent. It is not a sign that Arizona's growth will stall, or that this wonderful place we call home will become less desirable. More important, it is not an excuse to stop working toward what we all believe in.

Now, let's look at a few things this shortfall is:

It is an opportunity to make government even more efficient and effective. Over the past five years, my Efficiency Review team has identified more than \$1 billion that we have saved, through measures like improving procurement and reducing paperwork. We will continue this year to find innovative ways to make our tax dollars work their hardest.

I have also prepared a package of more than 50 boards, commissions and agencies that can be either merged – with their functions performed elsewhere – or eliminated. These are reforms that make sense in our changing times.

The shortfall also is an opportunity to do what business does: invest in infrastructure so we are fully prepared to capitalize on the economic good times, when they return. I have presented you with a plan for balancing this year's budget. I began the first leg of that plan last July, by instructing state agencies on where to cut their spending. I now ask you to implement the other two legs of the plan to balance our budget this year: pass bills allowing us to finance the construction of new schools, and to use part of the "rainy day" savings account that we've built up precisely for this purpose.

We must remember that Arizonans years from now won't ask how we balanced the budget. Instead, they'll ask how we improved education, ensured their safety, built a prosperous economy, and planned for explosive growth.

State government must live within its means – so the budget I will deliver to you for our next budget year, fiscal year 2009, will be balanced, and will not raise taxes. That's important work, but as I've said, the ins and outs of balancing a budget can't – and won't – be Arizona's story.

I believe, with every fiber of my being, that we cannot squeeze the areas most critical to our success. In this competitive and fast-moving world, we must continue to $\underline{\text{write}}$ our own story; otherwise, we give in and allow it to be written for us.

Because the story we're writing is not about mediocrity. The story of Arizona's future is about how great promise overcomes great challenge. It's about the hard-working people of this state who don't want much from government, just concrete action on issues that affect them, and policies that allow them to flourish with their own natural abilities. Our story is also about a government that lived up to its end of the bargain, and didn't give up when the going got a little tough.

The story of Arizona's future is about how we put our shoulders to the wheel together to achieve our dreams.

Next month, the Super Bowl will come to Glendale, and the eyes of the world will be on our state. What a great opportunity to show our accomplishments while we challenge ourselves for our future.

We all have great hopes for Arizona. Let us have the <u>courage</u> today to rededicate ourselves to those hopes. Even in the face of challenges, we must make our dreams of today the reality of tomorrow.

My friends, we are writing the story of Arizona's future. Let's make it a classic.

INTRODUCTION AND FIRST READING OF BILLS UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2059

House Concurrent Resolution 2059 proclaiming February 2008 as Go Red for Women Month in Arizona was introduced and read in full by Senator Leff as follows:

Whereas, diseases of the heart are the nation's leading cause of death, and stroke is the third leading cause of death; and

Whereas, cardiovascular diseases claim the lives of almost 480,000 American women each year, a rate of about one death per minute; and

Whereas, each year, 53 per cent of all cardiovascular disease deaths occur in women as compared to 47 per cent in men, and about 32,500 more women than men die from a stroke; and

Whereas, in 2008, the direct and indirect costs of cardiovascular diseases in the United States, including stroke, are estimated to be \$448.5 billion; and

Whereas, more women die of heart disease, stroke and all other cardiovascular diseases than the next five leading causes of death combined, including all cancers; and

Whereas, in 2006, heart disease was the leading underlying cause of death for all Arizonans, accounting for 10,362 deaths, and stroke was the fifth leading cause of death, accounting for 2,159 deaths; and

Whereas, only 21 per cent of women consider cardiovascular disease their greatest health risk; and

Whereas, Go Red for Women is the American Heart Association's national call to increase awareness about heart disease—the leading cause of death for women—and to inspire women to take charge of their heart health; and

Whereas, all women should learn their own personal risk for heart disease, by using tools such as the American Heart Association's Go Red for Women heart checkup and talking to their healthcare provider.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

- 1. That the Members of the Legislature proclaim the month of February 2008 as Go Red for Women Month in the State of Arizona and recognize the importance of the ongoing fight against heart disease and stroke.
- 2. That the Secretary of State of the State of Arizona transmit copies of this Resolution to the American Heart Association and the American Stroke Association.

INTRODUCTION AND FIRST READING OF BILLS UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2067

House Concurrent Resolution 2067 on the death of the Reverend Doctor George Benjamin Brooks, Sr. was introduced and read in full by Senator Landrum Taylor as follows:

The Rev. Dr. George Brooks, Sr. passed away on September 26, 2007 at the age of eighty-one.

A tireless advocate of civil rights and social change, George Brooks worked diligently to better the world around him and dedicated himself to fighting discrimination in this state. He served in the Navy and graduated from Johnson C. Smith University with a degree in pre-law, and in 1951 he earned his Master's of Divinity degree from New York Theological Seminary. He was then asked by Presbyterian executives to move to Arizona and start the state's first African American Presbyterian church. He founded Southminster Presbyterian Church in south Phoenix and served as its pastor until his retirement in 1996.

For more than half a century, George Brooks was a strong voice of reason in the fight for equality for all citizens, and his efforts distinguished him as a leading civil rights leader in Arizona. He served as president of the Maricopa County NAACP from 1964 to 1972, and in 1964, he lobbied in Washington for funds to start a preschool, a proposal that was instrumental in the establishment of Head Start. He served as a member of the Arizona legislature and as a longtime school board member with the Roosevelt Elementary School District, and also founded Meals on Wheels in the Phoenix community.

In 1973, George Brooks received his Master's of Education degree from Arizona State University, and three years later he earned his Ph.D. in Ministry and Counseling from San Francisco Theological Seminary. He received an honorary Doctor of Divinity degree from Johnson C. Smith Seminary in 1995. In all of his efforts, George Brooks gave selflessly of his time, energy and abilities, and his courage, tenacity and outspoken passion for civil rights continue to inspire a new generation of civic leaders.

Dedicated to his family, George Brooks, Sr. will be greatly missed by his wife of fifty-three years, Lula, his son, George Brooks, Jr., his daughter, Susan Morris, his five granddaughters and many cousins, nieces and nephews.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the Legislature sincerely regret the passing of the Rev. Dr. George Brooks, Sr. and extend their deepest sympathies to his surviving family members.

Senator Landrum Taylor moved that House Concurrent Resolution 2067 be unanimously adopted and that the Senate stand in a moment of silence in memory of the Reverend Dr. George Brooks, Sr. The motion carried.

House Concurrent Resolution 2067 was signed in open session and returned to the House.

ADJOURNMENT

INTRODUCTION AND FIRST READING OF BILLS UNANIMOUS ADOPTION OF SENATE CONCURRENT RESOLUTION 1035

Senate Concurrent Resolution 1035 on the death of Dr. Augusto "Gus" Ortiz was introduced and read in full by Senator Aguirre as follows:

JOURNAL OF THE SENATE Wednesday, March 5, 2008

Dr. Augusto "Gus" Ortiz, champion of bringing healthcare to the poor for more than fifty years, died in Tucson on December 16, 2006 at the age of ninety.

Born in 1917 in Puerto Rico, Gus Ortiz came to the United States in 1941 to attend medical school at the University of Illinois at Chicago. There, he met his future wife, Martha, and they both came to Arizona in 1953 when Gus was stationed at Luke Air Force Base.

In 1955, Dr. Ortiz opened a Phoenix medical clinic to assist farm workers and other poor Arizonans. It was there that he and a young César Chávez met and embarked on a lifelong friendship during which both fought to better the lives of migrants and their families by advancing their rights and providing better medical services. Dr. Ortiz helped achieve a ban in Arizona against the use of the short-handled hoe that caused back problems for the farm workers, and he also advocated for a pesticide ban.

In 1972, Dr. Ortiz began working for the University of Arizona College of Medicine Rural Health Office, and in 1976, he started the mobile health clinic that primarily aids poor and underserved people in the state's rural communities. He and Martha drove the clinic to help people in such remote places as Picture Rocks, which eventually built its own clinic and named it the Ortiz Community Health Center in his honor. Dr. Ortiz and Martha were awarded the Greater Tucson Leadership Award in 2002 for their outstanding efforts.

In recognition of his tremendous contributions to providing medical care to the poor, Dr. Ortiz was personally presented with the United States Surgeon General's Medallion by Surgeon General Richard Carmona.

Dr. Gus Ortiz will be greatly missed by his family, friends and peers, as well as the countless individuals he has helped over the years. Therefore

Be it resolved by the Senate of the State of Arizona, the House of Representatives concurring:

That the Members of the Legislature express sincere regret at the passing of Dr. Augusto "Gus" Ortiz and extend their deepest sympathies to his wife, Martha, daughters, Judith and Betty Jane, sons, Carl and Quintin, six grandchildren and other surviving family members.

Senator Aguirre moved that Senate Concurrent Resolution 1035 be unanimously adopted and that the Senate stand in a moment of silence in memory of Dr. Augusto "Gus" Ortiz. The motion carried.

Senate Concurrent Resolution 1035 was signed in open session and transmitted to the House.

BUSINESS ON THE PRESIDENT'S DESK

COMMUNICATIONS FROM THE GOVERNOR

President Bee announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On March 10, the Governor signed and transmitted House Bill 2705 to the Secretary of State.

The Governor vetoed the following:

March 11, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2857; FY 07-08 Budget Adjustments

Dear Speaker Weiers:

I am forwarding with my veto House Bill 2857, pertaining to a legislative freeze on state government's access to and use of certain fiscal year 2007-2008 appropriations.

Last September, I released a comprehensive budget management plan that addressed the state's budget shortfalls and balanced the 2008 budget. Since then, I have regularly updated and adjusted my management plan and shared those plans with the legislature. Now we are over seven weeks into the legislative session and House Bill 2857 is the only bill you have delivered to me related to Arizona's now estimated \$1.2 billion budget deficit. This bill, which lacks bipartisan support and addresses less than half of the budget shortfall amount, is wholly inadequate.

We cannot congratulate ourselves and think we have made progress by piecemeal attempts like House Bill 2857. We fool no one. Arizonans deserve a comprehensive fiscal plan that resolves the expected budget deficits of fiscal year 2008 and 2009.

I call on the legislature to work with me on a comprehensive, bipartisan plan that provides for Arizona's future, taking into account our current realities. I continue to make myself available to meet with you so we may produce a reasonable fiscal plan for Arizona together.

Yours very truly,

/s/Janet Napolitano Governor

INTRODUCTION AND FIRST READING OF BILLS UNANIMOUS ADOPTION OF SENATE CONCURRENT RESOLUTION 1041

Senate Concurrent Resolution 1041 on the death of Governor Evan Mecham was introduced and read in full by Senator Johnson as follows:

The Honorable Evan Mecham died on February 21, 2008 at the age of eighty-three.

Born on May 12, 1924 in Duchesne, Utah, Evan Mecham was one of six children of Adelbert and Ina Mecham. He grew up on a country farm, the youngest of five sons. He enlisted in the United States Army Air Forces at the age of eighteen and eventually earned his pilot's license. He flew photo reconnaissance and fighter escort missions over Europe during World War II. On March 7, 1945, he was shot down over Germany and was held as a prisoner of war until liberated by General Patton's army shortly before the war ended in Europe. Evan Mecham returned home and married his high school sweetheart, Florence Lambert, on June 11, 1945 at the LDS temple in Salt Lake City.

Evan Mecham successfully operated a Pontiac agency in Ajo, Arizona before moving the franchise to Glendale in 1954. He distinguished himself as a successful businessman and automobile dealer before being elected to the Arizona Senate in 1960 where he served one term. He published his own newspaper, the Evening American, from 1963 to 1973, and in 1986 he was elected as Governor of Arizona. During his term, he was successful in his efforts to stop tax increases, reestablish the Arizona Department of Weights and Measures, reform the civil court system and expand the state's health care program for the poor to provide long-term care for elderly and disabled individuals. He was also instrumental in uniting the nation's governors to urge Congress to repeal the 55 mph speed limit. Though his tenure was fraught with controversy, Evan Mecham met the challenges of adversity head on and remained committed to his unwavering beliefs in states' rights and personal freedoms.

Following his departure from politics, Evan Mecham wrote several books. He gave freely of his time, energy and efforts in numerous capacities in the LDS church, including such positions as bishop, high counselor, gospel doctrine teacher and home teacher.

Dedicated to his family, Evan Mecham will be greatly missed by his wife of sixty-two years, Florence, his children, Suzanne, Dennis, Christine, Eric, Teresa, Kyle and Lance, his brothers, Wayne, Willard and Arnold, his sister, Jean, and his twenty-nine grandchildren and three great-grandchildren.

Therefore

Be it resolved by the Senate of the State of Arizona, the House of Representatives concurring:

That the Members of the Legislature express regret at the death of the Honorable Evan Mecham and extend their deepest condolences to his surviving family members.

Senator Johnson moved that Senate Concurrent Resolution 1041 be unanimously adopted and that the Senate stand in a moment of silence in memory of Governor Evan Mecham. The motion carried.

Senate Concurrent Resolution 1041 was signed in open session and transmitted to the House.

MESSAGES FROM THE HOUSE

(March 13)

House unanimously adopted House Concurrent Resolution 2071

INTRODUCTION AND FIRST READING OF BILLS UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2071

House Concurrent Resolution 2071 on the death of John F. Long was introduced and read in full by Senator Blendu as follows:

John F. Long died on February 29, 2008 at the age of eighty-seven.

Born in Phoenix on May 17, 1920, John Long grew up on his family's farm. After graduating from Glendale High School in 1939, he sought work on the railroads before serving in the United States Army Air Forces during World War II. He worked as an engine mechanic on B-17s and B-24s and eventually saw duty in Italy. Following his discharge from the military in October 1945, he joined his father and brother in a construction business and briefly formed a landscaping business, but it wasn't until he launched a homebuilding business that his success took off.

In 1954, John Long started Maryvale, a master-planned community in west Phoenix and the first development of its kind in Arizona. He used innovative techniques that combined quality and affordability with practical housing needs and homey neighborhood design, and soon the development was selling hundreds of homes before they were even completed. John Long was devoted to the West Valley in Phoenix at a time when many were focusing on other parts of the valley, and he showed great foresight in implementing frugal energy and water use measures into his building endeavors whenever possible. His accomplishments garnered him the nickname "father of the West Valley."

Committed to the Phoenix community, John Long donated money, land and construction services to various worthwhile causes, including affordable housing, rehabilitation services, street maintenance and repair, and parks and libraries. At his own cost, he provided for classroom construction, a community swimming pool and hospital renovations, as well as various youth facilities, churches and food banks. Despite the demands of his business endeavors, he served on the Phoenix City Council, the Maricopa County Board of Health and the Glendale Union High School District board of trustees, as well as numerous other boards and committees. John Long gave freely of his time, energy and efforts and his tremendous philanthropy and commitment to Arizona earned him the respect and admiration of all who knew him.

In honor of his fifty years of public service, Arizona State University awarded John Long an honorary Doctorate of Humane Letters in 1996, and in 2000 he received the first Lifetime Achievement Award from WESTMARC for his contributions to western Maricopa County. His remarkable contributions to Phoenix will be felt and enjoyed by citizens for generations to come.

Dedicated to his family, John Long was preceded in death by his wife of fifty-one years, Mary. He will be greatly missed by his children, Manya, Shirley and Jake, his grandchildren, Jamie, Dan, Matt and Arron, his great-grandson, Abe, his many friends and the citizens of Arizona. Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the Legislature express sincere regret at the passing of John F. Long and extend their deepest condolences to his surviving family members.

Senator Blendu moved that House Concurrent Resolution 2071 be unanimously adopted and that the Senate stand in a moment of silence in memory of John F. Long. The motion carried.

BUSINESS ON THE PRESIDENT'S DESK

COMMUNICATIONS FROM THE GOVERNOR

President Bee announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On March 14, the Governor signed and transmitted House Bill 2563 to the Secretary of State.

The Governor vetoed the following:

March 14, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2043; FY 2007-2008 state hiring; moratorium

Dear Speaker Weiers:

I am forwarding with my veto House Bill 2043, pertaining to a state-wide freeze on hiring and promotions. Through this bill, the legislative branch of government is directing Arizona's executive branch, its judicial branch and its public universities to cease all hiring and promotions, except in limited circumstances, and to report these human resource functions to the budget research division of the legislature on a monthly basis.

This legislation is wholly unnecessary. All the agencies under the control of the executive branch are already operating under a hiring freeze, pursuant to my February 21, 2008 directive. Arizona State's judicial branch of government and the state universities have also already adopted policies to voluntarily restrict hiring in light of the budget deficit. And as you probably know, this bill would not even take effect until ninety (90) days after the legislative session is over. So not only is the bill unnecessary, it takes effect too late to do any good.

This bill also constitutes an unwarranted intrusion into the distribution of powers and responsibilities among the three branches of government, as recognized by Article III of the Arizona Constitution. One branch of government cannot exercise the powers

JOURNAL OF THE SENATE Monday, March 17, 2008

and authority properly belonging to another branch of government. This reason alone demands a veto of this bill.

In the end, this bill adds nothing to the comprehensive, bipartisan approach we are now taking to resolve our budget deficit. For the reasons stated above and other reasons, I am vetoing House Bill 2043. I will continue to monitor Arizona's fiscal health and extend my hiring freeze until it is no longer necessary.

Yours very truly, /s/Janet Napolitano Governor

*Senator Verschoor offered the following explanation of his vote on Senate Bill 1450 having requested his remarks of less than 200 words be inserted in the Journal.

One of the things I want to make sure, since we're dealing with a forty year expiration of the district, that it is the intention of this bill and the sponsor of this bill, that in forty years, that those bonds will be totally paid off and not continue on. And I just would like that to be entered into the record, so that whether it's twenty years from now or thirty years from now or forty years from now, future Legislators who want to know what the intent of this bill is, I would want it entered into the record that the intention of this sponsor of this bill is that this district goes away after forty years and that all those bonds are totally and completely paid off. And Mr. President, with that I vote "Aye."

MESSAGES FROM THE HOUSE

(March 20)

House unanimously adopted House Concurrent Resolution 2070

INTRODUCTION AND FIRST READING OF BILLS UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2070

House Concurrent Resolution 2070 on the death of William F. Buckley, Jr. was introduced and read in full by Senator Gould as follows:

William F. Buckley, Jr., a renowned writer and political commentator, died on February 27, 2008 at the age of eighty-two.

Born in New York City, William F. Buckley attended Yale University and served in the armed forces during World War II. After a brief engagement with the Central Intelligence Agency in the early 1950s, he embarked on a long and distinguished career as a conservative commentator and author with the publication of his first book, *God and Man at Yale*. He went on to establish *National Review* magazine and the television show *Firing Line* and to author dozens of books and countless newspaper columns, and in doing so, he became America's best known and most influential conservative voice. Whether working to advance the causes of freedom and justice or enjoying his passions of sailing, the harpsichord and cavalier King Charles spaniels, William F. Buckley met life with a rare humor and eloquence that earned him widespread respect and admiration.

Engaging and articulate, William F. Buckley assailed communism and extolled the free market with tremendous wit and a vast vocabulary that defined him as the quintessential conservative intellectual. George Will, former editor of *National Review*, stated that "Before Ronald Reagan, there was Barry Goldwater, and before Barry Goldwater there was *National Review*, and before there was *National Review*, there was Bill Buckley, with a spark in his mind." Theodore White opined that "His haughty face, its puckering and hesitation as he lets loose a shaft of wit, would have made him Oscar Wilde's favorite candidate for anything."

William F. Buckley's ability to clearly define what conservatism stood for paved the way for such American leaders as Barry Goldwater and Ronald Reagan. His efforts inspired three generations of conservatives and will doubtless continue to be a guiding force for generations to come. William F. Buckley will be greatly missed by his family, many friends and the American public.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the Legislature express sincere regret at the passing of an American icon, William F. Buckley, Jr., and extend condolences to his son, Christopher, and other surviving family members.

Senator Gould moved that House Concurrent Resolution 2070 be unanimously adopted and that the Senate stand in a moment of silence in memory of William F. Buckley, Jr. The motion carried.

House Concurrent Resolution 2070 was signed in open session and returned to the House.

BUSINESS ON THE PRESIDENT'S DESK

COMMUNICATIONS FROM THE GOVERNOR

President Bee announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On April 4, the Governor signed and transmitted Senate Bills 1011, 1013, 1018, 1021, 1056, 1071, 1078, 1113, 1116, 1129, 1134 and 1449 to the Secretary of State.

The Governor vetoed the following:

April 4, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2263; Parental Consent; Abortion

Dear Speaker Weiers:

Today I vetoed House Bill 2263, which would have amended Arizona's parental consent law, A.R.S. § 36-2152. Under the current law, a minor must obtain consent from her parents or guardian before having an abortion, unless she is already emancipated or unless she is able to prove to a superior court judge that she is sufficiently mature and capable of giving informed consent.

House Bill 2263 purports to add a clear and convincing standard of proof by which the minor must convince the judge of her maturity and capability to give consent and outlines the factors a judge may consider in making her determination. As I said the last time a version of this bill came before me in 2006, the bill is unnecessary to achieve these goals. Arizona case law already sets forth the clear and convincing standard of proof for judicial bypass of the parental consent requirement. See In re B.S., 205 Ariz. 611, 74 P.3d 285 (Ct. App. Div. 1 2003). In that same case, the court listed the factors for the judge's consideration proposed by House Bill 2263, as well as other factors.

JOURNAL OF THE SENATE Monday, April 7, 2008

For this and other reasons, I have vetoed House Bill 2263. As I have offered in my letter to you regarding House Bill 2769, let us work together on remedying the root issue of unwanted pregnancies, particularly teenage pregnancies, by addressing such issues as family planning and the prevention of sexual violence against women. I stand ready to work together to address these matters in a bi-partisan manner.

Yours very truly,

/s/ Janet Napolitano Governor

April 4, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2769; Partial-birth Abortion; Definition

Dear Speaker Weiers:

Today I vetoed House Bill 2769, which would have amended A.R.S. § 13-3603.01, the Arizona partial-birth abortion statute that was held unconstitutional by the United States District Court for Arizona in 1997.

In 2003, the federal government enacted 18 USC §1531, the federal partial-birth abortion ban. Under the federal law, it is a crime punishable with up to two years imprisonment for a physician to knowingly perform a partial-birth abortion. The only exception in the federal law is when the procedure is necessary to save a woman whose life is endangered by physical disorder, physical illness or physical injury. This law applies throughout the United States, including Arizona.

Some have tried to portray House Bill 2769 as merely conforming Arizona's statute to federal law. That is not correct. The federal law provides physicians who are prosecuted under federal law with the opportunity to seek the professional opinion of their peers as to the necessity of the medical procedure as part of the physicians' criminal defense. House Bill 2769 does not. Further, the federal law specifically caps the criminal penalty for violation to two years in prison. There is no comparable cap in House Bill 2769.

For these and other reasons, I have vetoed House Bill 2769. Rather than introducing more criminal penalties into the relationship between a woman and her physician, let us focus our collective efforts to remedy the root issue of unwanted pregnancies by addressing such important topics as family planning and the prevention of sexual violence against women. I stand ready to work together to address these matters in a bi-partisan manner.

Yours very truly,

/s/ Janet Napolitano Governor

INTRODUCTION AND FIRST READING OF BILLS UNANIMOUS ADOPTION OF SENATE CONCURRENT RESOLUTION 1043

Senate Concurrent Resolution 1043 on the death of Honorable Polly Getzwiller was introduced and read in full by Senator Arzberger as follows:

Polly Getzwiller, longtime member of the Arizona Legislature, died on March 18, 2008

A native Arizonan, Polly Getzwiller was raised on the Blue River just outside of Alpine in the White Mountains. Her parents were pioneers in the area. She attended Florence High School. On graduation she married a cotton farmer named Bill Thomasson. After being married a few short years Polly lost her husband in a tragic automobile accident. Polly inherited the cotton farm on the Greens Reservoir, where they lived until the mid-1960s. With no prior experience in farming and young children, Polly entered the world of agriculture and became successful.

A few years later, Polly met her second husband, Marion. Marion was a cattleman and Polly was the farmer. They became a team. The family moved to the Casa Grande area in the late 1960's and lived there until making a permanent move in the late 1970's to the Gila Bend area. They raised three children, Billie Lou, Bill and Joe.

Polly Getzwiller became interested in politics and was elected to the Arizona House of Representatives in 1962. She ably served her constituents in Casa Grande and the greater Pinal County area in that capacity until 1976, when she was elected to the Arizona Senate where she served until 1984, for a total of twenty-two years of legislative service. During her legislative tenure, she served on such vitally important committees as agricultural, appropriations, finance, natural resources and transportation. She was known and respected for her support of women's equality and for work in resolving Arizona's water issues.

In 1990, she again ran for public office as Justice of the Peace in the Gila Bend precinct where she served until retiring in 2001. Her son, Joe, succeeded her and continues in office today.

Polly Getzwiller earned her pilot's license, and flew her airplane back and forth to the legislature. She was active in numerous community and civic organizations, including the Arizona Cotton Growers Association, the Pinal County Farm Bureau, the Eloy Business and Professional Women's Club and the Hoemako Hospital Auxiliary. Polly Getzwiller gave freely of her time, energy and efforts to better the world around her, and her dedication to public service and to her community earned her the respect and admiration of all who knew her. Her life story is one of service to her family and to

the state. She presented an example of the strong leadership and commitment of the pioneers of Arizona.

Therefore

Be it resolved by the Senate of the State of Arizona, the House of Representatives concurring:

That the Members of the Legislature express regret for the passing of Polly Getzwiller and extend their deepest sympathies to her surviving family members.

Senator Arzberger moved that Senate Concurrent Resolution 1043 be unanimously adopted and that the Senate stand in a moment of silence in memory of Polly Getzwiller. The motion carried.

Senate Concurrent Resolution 1043 was signed in open session and transmitted to the House.

COMMUNICATIONS FROM THE GOVERNOR

On April 14, the Governor transmitted Senate Bill 1096 without signature to the Secretary of State.

April 14, 2008

The Honorable Timothy S. Bee President Arizona State Senate 1700 West Washington Phoenix, Arizona 85007

Re: Senate Bill 1096; Appropriation; English Language Learners

Dear President Bee:

I have received Senate Bill 1096, which appropriates approximately \$40 million in fiscal year 2009 to the Arizona Structured English Immersion Fund. I have decided to allow the bill to become law without my signature.

Senate Bill 1096 is far from a perfect solution to Arizona's need for adequate English language learner instruction. Nonetheless, I am letting the bill become law without my signature so that Arizona may avoid millions of dollars in sanctions payable to the U.S. District Court at a time when Arizona is facing severe budget deficits.

We should not forget, however, that the Court's sanctions order was only one of the multiple orders related to English language learners. These other orders require that Arizona's English language learner laws be amended to remove both the two-year limit on funding and the supplanting of federal funds.

In addition, the education community has expressed to the legislature a strong desire to review other elements of English language instruction that were enacted by House Bill 2064 in 2006. Those elements include whether a four-hour, segregated class covering only English language development is workable within a school's regular

curriculum, and whether such long absences from other academic pursuits, such as math and science classes, are in the students' best interest. The education community also questions the equity of the funding allocation methodology and whether the one-size-fits-all teaching model prescribed by House Bill 2064 is sound. These questions from Arizona's front-line educators deserve serious consideration.

Appropriation of the approximately \$40 million of funds is only a first step to providing Arizona's children with a chance to read, write and speak English. I encourage the legislature to provide additional legislation that timely addresses the Court's other orders. I also urge the legislature to heed the concerns of the education community with respect to the practical application of English language learner methodology. I am allowing Senate Bill 1096 to become law without my signature so these other issues may be addressed during this legislative session with the guidance of the Court.

Yours very truly,

/s/ Janet Napolitano Governor

BUSINESS ON THE PRESIDENT'S DESK

COMMUNICATIONS FROM THE GOVERNOR

President Bee announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On April 16, the Governor signed and transmitted to the Secretary of State Senate Bills 1057, 1059, 1120, 1185, House Bills 2274, 2426, 2587 and 2680.

The Governor vetoed the following:

April 16, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2220; State Equalization Property Tax Repeal

Dear Speaker Weiers:

Today I vetoed House Bill 2220. The bill would have permanently repealed the state equalization property tax, the county-level property tax that funds local schools.

As you know, I approved a temporary three-year suspension of this tax in 2006. Consequently, Arizonans paid no state equalization property tax for tax years 2006 and 2007 and will pay no such tax for tax year 2008. The suspension was a fair and reasonable action in 2006, when the national economy was strong, our rainy-day fund was full and our tax revenues were sufficient to meet our State budget requirements. Today we find ourselves in a very different fiscal situation. As Representative Tom Boone and Senator Thayer Verschoor said in their letter to me of April 4, 2008, Arizona is facing a "budget shortfall approaching 20% of the budget in fiscal year 2009 . . . the largest proportional budget deficit of any state in the nation." Permanently repealing a tax that supports such basic needs as schools and education during a time of severe budgetary deficits would be the height of fiscal irresponsibility.

For these and other reasons, I have vetoed House Bill 2220. Let us continue our work developing a comprehensive, bi-partisan budget using all the fiscal tools available to us. Arizonans deserve our protection of basic needs like education.

Yours very truly,

/s/ Janet Napolitano Governor

Before us are the changes to the 2008 budget. These changes have finally been decided ten months after the budget was first passed and ten months since we discovered this budget was not balanced.

I am deeply disappointed it has taken so long to put this package together. Allowing this time to pass without action has seriously reduced our options in addressing our fiscal responsibility. There is nothing now about this proposal and certainly, nothing that could not have been done last summer, last fall or in January when the session started.

Waiting, however, has eliminated the opportunity to reduce government spending and, therefore, to get to the root of our fiscal concerns. Instead this solution just papers over the problem and pushes it into the future.

There are only weeks left before we must enact the 2009 budget. This question remains whether it will reflect the difficult decision that leaders must make, the compromises that comes with statesmanship and the sacrifice that is required of responsibility. The decisions the leadership of this state makes today will have a great impact on the citizens of Arizona now and in the future.

INTRODUCTION AND FIRST READING OF BILLS UNANIMOUS ADOPTION OF HOUSE CONCURRENT RESOLUTION 2015

House Concurrent Resolution 2015 on the death of Calvin M. Holman was introduced and read in full by Senator Allen as follows:

Calvin M. Holman died in a tragic automobile accident on December 28, 2007 at the age of seventy-six.

Born and raised in Topeka, Kansas, Cal Holman attended Harvard College and Stanford University. In 1956, he married Elizabeth Jordan and they moved to Chicago, where he began his banking career. In 1961, the Holmans and their children moved to Phoenix, where Cal Holman served as assistant controller at Valley National Bank and as a consultant in financial and personnel data processing systems. He also taught computer software classes at Arizona State University, where he served as president of the Systems Management Association.

In 1974, Cal Holman ran for and won a seat in the Arizona House of Representatives. He ably served his constituents in the Paradise Valley, North Phoenix and Sun City areas in this capacity for ten years. During his tenure in the Legislature, he served as chairman of numerous committees, and was known as an exceptionally hard working and honest individual.

Despite the demands of his business and political endeavors, Cal Holman gave freely of his time, energy and efforts to such worthwhile organizations as a member of the Scottsdale Sunrise Rotary and as a deacon of Valley Presbyterian Church. He continued to remain active in the Republican Party even after his legislative service ended, and had recently retired as president of the Scottsdale Republican Forum. He was a member and past president of the Harvard Alumni Club in Phoenix, and was currently serving as treasurer of the Stanford Alumni Club in Phoenix.

Dedicated to his family, Cal Holman will be greatly missed by his wife of fifty-one years, Elizabeth, his son, Calvin, his daughter-in-law, Virginia, his daughter, Mary, and his brother, Charles.

Therefore

Be it resolved by the House of Representatives of the State of Arizona, the Senate concurring:

That the Members of the Legislature express regret at the unexpected and untimely death of Calvin M. Holman and extend their deepest condolences to his family and many friends.

*April 21, 2008

The Honorable Timothy S. Bee President Arizona State Senate 1700 W. Washington Phoenix, Arizona 85007

Re: Senate Bill 1236; Homeopathic Board; Omnibus

Dear President Bee,

Today I signed into law Senate Bill 1236, a bill that introduces greater discipline in the regulation and licensing of homeopathic physicians in Arizona. Under this new law, licensed homeopathic physicians must now complete 20 hours of continuing medical education annually, like other licensed physicians. In addition, licensed homeopathic physicians whose licenses are revoked must correct the conduct that was the subject of the disqualification or revocation, make legal restitution and wait through a five-year waiting period before reapplying for an Arizona license. These are among some of the improvements to the regulation of homeopathic physicians introduced by Senate Bill 1236.

Senate Bill 1236 also diminishes the discretion of the Board of Homeopathic and Integrated Medicine Examiners in a number of different ways: eliminating the Board's authority to waive the licensure examination requirement, revoking the Board's discretion to decide what minor surgeries a licensed homeopathic physician may perform, and deleting the Board's jurisdiction to accredit educational institutions in Arizona that grant homeopathic degrees. The message behind such changes is loud and clear. The public is losing faith in the Board's judgment and vigilance as a self-regulating organization.

Most homeopathic physicians in Arizona are careful, well-trained physicians dually licensed in good standing as medical doctors or doctors of osteopathy. But widespread reports of the few licensed homeopaths who have been a discredit to the profession, the dire consequences to their patients and the Board's lack of swift and stern disciplinary action have culminated in a crisis of public confidence in the Board's judgment.

The Board needs to respond to this crisis of confidence during this next two-year extension of its existence with greater monitoring of licensed homeopathic physicians and less patience with applicants who have violated ethical, medical or regulatory restrictions in Arizona or in other jurisdictions. It has been suggested that a lack of resources has contributed to limit the Board's investigative and monitoring abilities. To that, I reiterate my suggestion to merge at least the administrative functions of the Board of Homeopathic and Integrated Medicine Examiners with an umbrella administrative organization for healthcare specialty boards.

Yours very truly,

/s/ Janet Napolitano Governor

Re: House Bill 2249; Right-of-Way; Military Procession

Dear Speaker Weiers:

I am signing House Bill 2249, which applies to military processions most vehicular regulations on par with those applying to funeral processions.

I note, however, that A.R.S. § 28-776(D) and (F) as revised by House Bill 2249 empower county sheriffs to approve for safety reasons the markings on all "funeral procession" vehicles and the uniforms of all "funeral procession" drivers. Because the same safety concerns would apply to "military procession" vehicles and drivers, the legislature needs to amend A.R.S. § 28-776(D) and (F) to apply its safety measures to military processions as well.

Yours very truly,

/s/ Janet Napolitano Governor The Governor vetoed the following:

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2235; Administrative Rules Oversight Committee

Dear Speaker Weiers:

For many of the same reasons articulated by Governor Jane Hull in her April 26, 1999 veto, I have vetoed House Bill 2235, which would have resurrected the long dead and little missed Administrative Rules Oversight Committee.

Yours very truly,

/s/ Janet Napolitano Governor

April 28, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2807; immigration; local enforcement

Dear Speaker Weiers:

I have vetoed House Bill 2807, which would have mandated that Arizona counties, towns and cities participate in federal immigration law enforcement efforts and would have shifted the cost of training those local law enforcement officers away from the federal government to Arizona's state general fund. This bill is similar to Senate Bill 1306, which I vetoed in May 20, 2005. And for many of the same reasons, I am vetoing House Bill 2807 today.

House Bill 2807 is simply an unnecessary, unfunded mandate to law enforcement.

Let us start with the clear understanding that nothing in current law prevents Arizona's sheriffs and police departments from entering into agreements with federal immigration authorities to enforce federal immigration laws, provided they are given proper training. Many already have entered into these agreements on a voluntary basis. A legislative mandate to that effect is unnecessary.

In addition, House Bill 2807 is an unfunded mandate. The real impediment to cross training local law enforcement in federal immigration law enforcement efforts is the federal government's inability to meet the demand for training opportunities. In 2006, Congress added section 287(g) to the Immigration Reform Act, giving the federal Department of Homeland Security the ability to train local law officers in the enforcement of federal immigration laws. While interest in these cross training programs was high, Congress appropriated only \$5.5 million in 2008 to maintain the entire nation-wide program. Demand for training has, predictably, significantly outstripped federal resources. Even now, the Arizona Department of Public Safety alone has a wait list of over 100 officers for cross training. Because House Bill 2807 requires the Arizona general fund to pay the training costs for *all* local law enforcement (not just for the Department of Public Safety) if federal funding is not available, Arizona tax payers would be required to pay an approximately \$100 million bill at a time we are facing significant budget shortfalls.

Accordingly, for the reasons stated in my May 20, 2005 veto letter of Senate Bill 1306 and others, I have vetoed House Bill 2807.

Yours very truly,

/s/ Janet Napolitano Governor

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2711; School Districts; Educational Mismanagement; Intervention

Dear Speaker Weiers:

I have signed into law House Bill 2711, which allows the State Board of Education to take over a school district if half of the schools in the school district are "underperforming" and at least one school is "failing," based on the AZ LEARNS

academic achievement profiles. In the process, the State Board of Education may immediately terminate the current superintendent of the school district and replace him with the State Board of Education's own appointee, who would be statutorily empowered to override the elected school board on issues involving the management and operations of the school district.

It is clear to everyone involved with House Bill 2711 that this bill will immediately affect the Roosevelt School District, located in South Phoenix. While Roosevelt qualifies as a candidate for a takeover under House Bill 2711, the district's own efforts on academic improvement have already resulted in three years of consecutively higher math and reading AIMS test scores for Roosevelt's third, fifth and eighth graders. The State Board of Education should take notice of these good trends and exercise its powers under House Bill 2711 with measure and discretion.

I encourage the State Board of Education to work closely with the Roosevelt School District Governing Board and its superintendent to continue the good trends in the district and raise the academic standards of the individual schools that have particular challenges.

Yours very truly,

/s/ Janet Napolitano Governor

The Governor vetoed the following:

April 29, 2008

The Honorable Timothy S. Bee President Arizona State Senate 1700 West Washington Phoenix, Arizona 85007

Re: Senate Bill 1012; Postsecondary Education Programs; PEG; PFAP

Dear President Bee:

Today I vetoed Senate Bill 1012, the continuation bill for the Commission on Postsecondary Education. I support the legislative changes proposed by Senate Bill 1012, save one: the 10-year long continuation of the Commission. A 10-year long continuation period is too long for this Commission, which is the subject of inquiry regarding its mission and membership.

I would welcome a bill for the Commission that includes all the changes suggested by Senate Bill 1012, but extends the continuation of the Commission for no more than one year.

Until then, I have vetoed Senate Bill 1012.

Yours very truly,

/s/ Janet Napolitano Governor

April 29, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2359; Border Officers; State Laws; Enforcement

Dear Speaker Weiers:

Today I vetoed House Bill 2359 because it does nothing but affirm existing law. House Bill 2359 merely acknowledges that county sheriffs may decide to enter into intergovernmental agreements with U.S. Customs and Border Protection to facilitate inter-agency communication without seeking the permission of the County Board of Supervisors, so long as the agreement has no fiscal impact on the county.

For this and other reasons, I have vetoed House Bill 2359. In so doing, however, I repeat that all law enforcement agencies whose jurisdictions overlap must communicate with one another and coordinate their policing efforts for the safety of the officers and the public.

Yours very truly,

/s/ Janet Napolitano Governor

April 29, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2395; Driving; Boating; Under the Influence

Dear Speaker Weiers:

Today I vetoed House Bill 2395, the bill that proposed numerous changes to Arizona's driving and boating under the influence laws. One of the key changes would reduce the length of time a person must use an ignition interlock device after a conviction for driving while impaired by alcohol or drugs. House Bill 2395 would reduce that time period from 12 months to six months.

It has been less than a year since Arizona enacted the current interlock device law. I join with Mothers Against Drunk Drivers and Students Against Drunk Drivers in their belief that requirements to use ignition interlock devices have a deterrent effect on decisions to drive under the influence. Some disagree and believe the penalty is too harsh and the benefit to public safety is too low. No one can be sure because the law is so new. Under these circumstances, it would be premature to change the law, before we have had a chance to examine its effects.

For these and other reasons, I have vetoed House Bill 2395.

Yours very truly,

/s/ Janet Napolitano Governor

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2630; Concealed Weapons; Petty Offense

Dear Speaker Weiers:

At the request of Arizona law enforcement, I have vetoed House Bill 2630, which would have reduced the penalties for illegally carrying a concealed weapon without a permit from a class one misdemeanor to a petty offense and prevented law enforcement from confiscating the weapon from the violator.

JOURNAL OF THE SENATE Wednesday, April 30, 2008

As you know, House Bill 2630 is almost identical to last year's Senate Bill 1629, which I also vetoed. As I stated in my veto letter of May 16, 2007, lawful gun owners who wish to carry concealed weapons should comply with Arizona's concealed weapons laws and obtain the required permit. People who fail to do so are, by definition, lawbreakers in possession of deadly weapons.

As our law enforcement professionals will tell you, serious criminals, especially gang members, often carry concealed weapons without permits. Our law enforcement officers must have the full array of enforcement options to use against these violators, including the power to arrest the violator and confiscate his deadly weapon. Maintaining our current level of penalties promotes the safety of our citizens and law enforcement officers.

For these and other reasons, I have vetoed House Bill 2630.

Yours very truly,

/s/ Janet Napolitano Governor

INTRODUCTION AND FIRST READING OF BILLS UNANIMOUS ADOPTION OF SENATE CONCURRENT RESOLUTION 1044

Senate Concurrent Resolution 1044 on Highland High School was introduced and read in full by Senator Verschoor as follows:

Whereas, 183 students from Highland High School in Gilbert, Arizona voluntarily donated more than 7,000 hours during a 3½-year-period to meticulously reconstruct the Battle of Palmetto Ranch under the able guidance of their teacher, Mr. Glen Frakes; and

Whereas, this Battle fought at Palmetto Ranch was considered to be the final conflict of the War Between the States; and

Whereas, through an intricately assembled diorama composed of 750 soldier figurines and a 5,000-piece steamboat, constructed by Ken Loyd, Highland High School students recreated this battle and celebrated our nation's military history; and

Whereas, these students patriotically and selflessly gave of their hearts, minds and time to recreate this diorama with the intent to display it in a military museum for all students of history and future generations across this nation to enjoy; and

Whereas, these students, those that preceded them and those that followed them over the past 21 years have donated similar labors and several dioramas to the Texas Military Forces Museum under the directorship of Brigadier General John C. Scribner, who encouraged, supported and directed them through the first two years of their project, and shared their joy in educating the public about our nation's military heritage.

Therefore

Be it resolved by the Senate of the State of Arizona, the House of Representatives concurring:

JOURNAL OF THE SENATE Wednesday, April 30, 2008

- 1. That the Members of the Legislature recognize and pay tribute to the selfless and dedicated efforts of the students of Highland High School and their devoted teacher, Mr. Glen Frakes, in preserving and portraying our military history.
- 2. That the Secretary of State transmit copies of this Resolution to the Governor of Arizona, the Adjutant General of Arizona, the Adjutant General of Texas, the Governor of Texas, the President of the Texas Senate and the Speaker of the Texas House of Representatives.

COMMUNICATIONS FROM THE GOVERNOR

President Bee announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On May 1, the Governor signed and transmitted to the Secretary of State House Bills 2075, 2088, 2093, 2120, 2155, 2230, 2355, 2439, 2582, 2623, 2638, 2745, 2771, 2793, Senate Bills 1081 and 1121.

The Governor vetoed the following:

May 1, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2560; School Districts; Compliance; Withholding Monies

Dear Speaker Weiers:

Today I vetoed House Bill 2560, the bill that would have given the State Board of Education and the Superintendent of Public Instruction the power to withhold 10 percent of a school district's funding if the school district substantially and deliberately failed to comply with its statutory obligations under A.R.S. § 15-341, Chapter 5 of Title 15 or Chapter 7 of Title 15 after 90 days notice. The funding would be withheld as a penalty until the State Board of Education determined the school district had achieved compliance.

The State Board of Education and Superintendent of Public Instruction currently have the power to issue strong penalties to school districts. They may already withhold 10 percent of funds if a school district has failed to comply with financial reporting requirements under the Uniform System of Financial Records. With the recent passage of House Bill 2711, they also have the power to take over entire school districts that are academically underperforming. These powers are more than sufficient.

For these and other reasons, I have vetoed House Bill 2560.

Yours very truly,

/s/ Janet Napolitano Governor

*Senator Flake offered the following explanation of his vote on House Bill 2772 having requested his remarks of less than 200 words be inserted in the Journal:

My support for HB 2772 is contingent on the narrowness of this proposed provision in law as it currently solely applies to the City of Williams, which has an especially unique circumstance.

After submitting their well drilling application to the Department of Water Resources, DWR erroneously approved it, and the City mistakenly drilled several wells that violated the law. Technological advancements and improved protocols will guide future well application process and drilling practices, but primarily due to the

demonstrated significant financial investment in the wells, the public health, safety, and welfare interests dependent on this water supply, and most importantly because of a strict intergovernmental agreement governing the use of the wells associated with this legislation. I can provide my qualified support for the measure. Due to the topographical and geographical limitations of the particular land area in which the wells were drilled, this limited exception to the groundwater inner-basin transfer prohibition does not serve as a precedent and will not be a long-term solution to rural areas' water supply needs.

*Senator Arzberger offered the following explanation of her vote on House Bill 2772 having requested her remarks of less than 200 words be inserted in the Journal:

"Thank you Mr. President, I'd like to explain my vote. I'd like to associate my remarks with Senator Flake's, since he said it very well. When I first saw this bill, I was pretty upset because I realized that it cracked our current law of interbasin transfers and we do not want that to happen. However we looked into this bill very seriously in Committee and received a complete explanation from the Department of Water Resources. It is very difficult terrain, when underground water from one basin hits a fault and then goes another way. A mistake was made and I believe that Senator Gray's amendment really made the exception very, very small and so therefore I feel okay in voting "Aye."

Arizona Fibromyalgia Awareness Day

May 12, 2008

WHEREAS, fibromyalgia is an arthritis-related syndrome characterized by widespread or generalized muscular pain, tenderness and fatigue, and can take up to five years to diagnose; and,

WHEREAS, fibromyalgia is the most common chronic widespread pain condition in the United States, and is just one of more than 100 different types of arthritis; and,

WHEREAS, the Arizona Department of Health Services estimates that arthritis affects approximately 900,000 or more individuals, or more than one out of every six people; and,

WHEREAS, an estimated 10 million people in the United States—between three and six percent of the population—and millions more worldwide, have been diagnosed with fibromyalgia; and,

WHEREAS, fibromyalgia can have devastating effects on a sufferer's life, impacting people's ability to work and engage in everyday activities, as well as their relationships with family, friends and employers; and,

WHEREAS, National Fibromyalgia Awareness Day is May 12 of each year; and,

WHEREAS, the key to helping chronic pain patients in Arizona and throughout the nation is to raise awareness of this serious disease, and improve education, diagnosis, research and treatment.

Now, therefore, **BE IT RESOLVED** by the Arizona Legislature that May 12 of each year will be known as Arizona Fibromyalgia Awareness Day; and,

BE IT FURTHER RESOLVED that the Arizona Legislature urges all Arizonans suffering from chronic pain to seek out medical advice and treatment so that they may ease the pain of living with fibromyalgia.

Dated this 12th day of May, 2008, Arizona State Senate

Timothy S. Bee Marsha Arzberger

President, Arizona State Senate Democratic Leader, Arizona State Senate

Senator Gould read the following Resolution on the death of Sgt. Guadalupe Cervantes

A Resolution on the Death of Sgt. Guadalupe Cervantes Ramirez

Sergeant Guadalupe Cervantes Ramirez of Mohave Valley, Arizona died in Kuwait on April 23rd after a vehicle accident outside his camp. Ramirez was with the 2nd Transportation Company, part of the National Training Center Support Brigade at Fort Irwin, and was stationed at Camp Arifjan in Southeast Kuwait near the Persian Gulf. The 2nd HET had left Fort Irwin in May 2007, for what is it's third tour in Iraq.

Army Brig. Gen. Manuel Ortiz said of Sgt. Ramirez, "He was a loving husband, a loving father, a loving son and a great soldier, why was he a great soldier? He was full of endless energy and endless love for all those around him. This is the type of soldier that makes the U.S. Army great. We have lost a great soldier and we will miss him, but he will not be forgotten."

General Ortiz awarded a bronze star to Ramirez's wife, Amber, and another duplicate to his parents for Ramirez's "leadership, his valor and his heroism."

It is important and fitting that we commemorate the contributions of our citizens who bravely serve this nation and the profound sacrifice of those who give their lives in our service. The courageous life and ultimate sacrifice of Sergeant Guadalupe Cervantes Ramirez take a rightful place among the other true heroes of our great nation.

Therefore, be it resolved by the Senate of the State of Arizona:

That the Members of the Senate express regret at the untimely passing of Sergeant Guadalupe Cervantes Ramirez and extend their deepest sympathies to his surviving family members.

Dated this 5th day of May, 2008

Tim Bee President Arizona State Senate Ron Gould Legislative District 3 Arizona State Senate

Senator Gould requested that the Senate stand in a moment of silence in memory of Sgt. Guadalupe Cervantes Ramirez.

Senator McCune Davis requested that her remarks of less than 200 words relating to House Bill 2008 be inserted in the Journal:

I rise today to call upon this body to pass House Bill 2008 on to the governor without delay. HB2008 has been awaiting action by the Senate since April 21. Meanwhile, the end of the school year continues to move closer and there are students who do not know whether they will be allowed to graduate.

Seniors who graduated early had the benefit of AIMS augmentation. Unless we act, seniors who followed the traditional timeline for graduation will not.

There are students in Tuba City who are waiting to find out whether they can walk with their class. There are students at Cholla High in Tucson who *still* don't know whether they will receive a diploma. There are students at Estella Foothills High School who are short 11 points combined. Other members have had calls from constituents whose children missed passing a single category by *one point*.

Ostensibly, this bill is being held up so that an amendment can be prepared. The time for making changes to this policy has passed.

Any changes to this law should be made next session with a general effective date so that they apply equitably to graduates in both the fall and spring semesters.

BUSINESS ON THE PRESIDENT'S DESK

COMMUNICATIONS FROM THE GOVERNOR

President Bee announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On May 12, the Governor signed and transmitted to the Secretary of State House Bills 2048, 2053, 2169, 2191, 2444, 2503, 2505, 2594, Senate Bills 1006, 1024, 1043, 1123, 1125, 1156, 1216, 1219, 1287, 1288, 1339, 1340, 1355, 1387, 1440, 1441, 1442, 1443 and 1489.

May 12, 2008

The Honorable Timothy S. Bee President Arizona State Senate 1700 West Washington Phoenix, Arizona 85007

Re: Senate Bill 1025; Scholarships; Disabled Pupils; Good Cause

Dear President Bee:

Today I vetoed Senate Bill 1025, the bill that would have allowed the Arizona Department of Education to waive certain eligibility requirements to the Arizona Scholarships for Pupils with Disabilities Program, the program that allows disabled students to use public funds to pay for private school tuition.

The Arizona Scholarships for Pupils with Disabilities Program is currently the subject of litigation, and the continued existence of the program is unpredictable. As recently as April 23, 2008, the Arizona Court of Appeals heard oral arguments in the matter. It is premature to expand a program in the midst of this type of legal challenge.

For these and other reasons, I have vetoed Senate Bill 1025.

Yours very truly,

/s/ Janet Napolitano Governor

May 12, 2008

The Honorable Timothy S. Bee President Arizona State Senate 1700 West Washington Phoenix, Arizona 85007

Re: Senate Bill 1097; GITA; State Treasurer's Office Exemption

Dear President Bee:

Today I vetoed Senate Bill 1097, the bill that proposed to limit the jurisdiction of the newly created Statewide Information Security and Privacy Office ("SISPO") as it relates to the State Treasurer's Office's banking and investment systems.

SISPO was created during the 2007 legislative session to ensure the safety and privacy of the state's information technology systems. Among other things, SISPO has the statutory power to temporarily suspend the operation of a government information infrastructure to stop the spread of an information security breach.

Senate Bill 1097 would prohibit SISPO and its parent organization, the Government Information Technology Agency, from directly accessing the State Treasurer's Office's banking or investment systems and prohibit SISPO from suspending the operation of those banking and investment systems under any circumstances. The Treasurer's Office argues that such restrictions are necessary because of the sensitivity of its financial information and the potential financial impact on the state if the Treasurer's Office is unable to electronically effect its market trades and money management efforts.

This argument goes too far. Every state agency maintains sensitive, confidential information (including private citizen data) and could be negatively affected by a suspension of its information technology systems. During the rulemaking process contemplated in Senate Bill 1097, these potential losses can be weighed against the need to protect all of our state-wide information technology systems against cyber attacks. It is premature and bad precedent to legislatively carve away at SISPO's jurisdiction before it has begun this important work.

For these and other reasons, I have vetoed Senate Bill 1097. I encourage the State Treasurer's Office to participate in the SISPO rulemaking process and present its concerns in that forum.

Yours very truly,

/s/ Janet Napolitano Governor

The Honorable Timothy S. Bee President Arizona State Senate 1700 W. Washington Phoenix, Arizona 85007

Re: Senate Bill 1279; Review Committee; Arizona National Rankings

Dear President Bee,

Today I vetoed Senate Bill 1279, which would have created a joint legislative and executive appointed committee to study existing education and wage earning rankings of Arizona compared to other states.

It has long been said that there are three kinds of lies, "Lies, damn lies and statistics." The goal of Senate Bill 1279 is to conduct a review of various national rankings that include Arizona, analyze the statistical validity of the rankings, and help policy makers make better use of statistical data. This is a commendable task, but one that is already being undertaken by numerous policy makers, advisory groups and regulatory agencies who are trained to engage in peer review analysis.

The committee Senate Bill 1279 creates not only would duplicate the statistical analyses already being conducted by others, it would have been asked to do so without any funding. The statistical usefulness of such a committee approaches zero.

For these and other reasons, I have vetoed Senate Bill 1279.

Yours very truly,

/s/ Janet Napolitano Governor

May 12, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2039; Schools, Multiple Birth Siblings; Classrooms

Dear Speaker Weiers:

Today I vetoed House Bill 2039, the bill that would have enacted into state-wide statute a requirement that all schools in Arizona place twins, triplets and other multiple-birth siblings in the same classroom, if requested by their parents, unless the school district's governing board determines at the end of a grading period that the arrangement is disruptive to the school.

Classroom placement of children and their siblings should be addressed on a case-bycase basis in a decision collaboratively made between educators and parents. Legislative intervention on a state-wide level is unwarranted.

For these and other reasons, I have vetoed House Bill 2039.

Yours very truly,

/s/ Janet Napolitano Governor

INTRODUCTION AND FIRST READING OF BILLS UNANIMOUS ADOPTION OF SENATE MEMORIAL 1005

Senate Memorial 1005 (with permission of Committee on Rules) on Taiwan; World Health Organization membership was introduced and read in full by Senator Blendu as follows:

To the President and Congress of the United States:

Your memorialist respectfully represents:

Whereas, good health is important to every citizen of the world and access to the highest standards of health information and services is necessary to improve the public health; and

Whereas, direct and unobstructed participation in international health cooperation forums and programs is beneficial for all parts of the world, especially with today's greater potential for the cross-border spread of various infectious diseases such as the human immunodeficiency virus (HIV), severe acute respiratory syndrome (SARS), avian influenza, tuberculosis and malaria; and

Whereas, Taiwan's population of more than 23 million people is larger than that of three-quarters of the member states already in the World Health Organization (WHO); and

Whereas, Taiwan's achievements in the field of health are substantial, including one of the highest life expectancy levels in Asia, maternal and infant mortality rates comparable to those of western countries, eradication of such infectious diseases as cholera, smallpox and the plague and being the first country in Asia to eradicate polio and provide children with hepatitis B vaccinations; and

Whereas, the United States Centers for Disease Control and Prevention and its Taiwan counterpart agencies have enjoyed close collaboration on a wide range of public health issues; and

Whereas, in recent years Taiwan has expressed a willingness to assist financially and technically in international aid and health activities; and

Whereas, the World Health Assembly has allowed observers to participate in the activities of the organization, including Palestine, the Order of Malta and the Holy See; and

Whereas, the United States, in the Taiwan Policy Review, declared its intention to support Taiwan's participation in appropriate international organizations; and

Whereas, in light of all the benefits that Taiwan's participation in the WHO can bring to the state of health not only in Taiwan but also regionally and globally, Taiwan and its 23 million people should have appropriate and meaningful participation in the WHO.

Wherefore your memorialist, the Senate of the State of Arizona, prays:

- 1. That the President and Congress of the United States take action to endorse and obtain, at a minimum, observer status for Taiwan at the World Health Assembly and more appropriately, membership in the World Health Organization.
- 2. That the Secretary of State of the State of Arizona transmit copies of this Memorial to each Member of Congress from the State of Arizona.

COMMUNICATIONS FROM THE GOVERNOR

President Bee announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On May 15, the Governor signed and transmitted to the Secretary of State House Bills 2008, 2036, 2107, 2248, 2369, 2495, 2747, Senate Bills 1016, 1336 and 1431.

The Governor vetoed the following:

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2017; Greenhouse Emissions; Regulations; Fuel Economy

Dear Speaker Weiers:

Today I vetoed House Bill 2017, which would have undercut the ability of the Arizona Department of Environmental Quality ("ADEQ") to fulfill its statutory responsibilities monitoring the health and quality of Arizona's air, land and water. House Bill 2017 would have prohibited ADEQ or any agency of government from adopting or enforcing programs that would have in any way regulated the emission of greenhouse gas or motor vehicle fuel economy, without legislative approval through specific legislative authorization. While the legislature has a role in ensuring Arizonans have clean air to breathe, House Bill 2017 is micromanagement.

Establishing standards for car emissions is ADEQ's explicit statutory responsibility. ADEQ fulfilled its responsibilities by adopting the Clean Car Rules and did so through the process required by law, which included a 20-month long public review that was completed on May 6, 2008. Ignoring that process and requiring another political approval at the last minute is unnecessary. Because some new arguments have arisen about possible consequences of the Clean Car Rules, ADEQ will monitor the effects of the new rules so that necessary adjustments can be made. These adjustments will be better dealt with administratively as well.

As to the Western Climate Initiative, the coalition of seven states and three Canadian provinces that make up the membership of the Initiative are in the process of

JOURNAL OF THE SENATE Monday, May 19, 2008

formulating recommendations concerning how to collectively reduce climate change effects. The recommendations will be based on public input at numerous regional stakeholder meetings throughout this summer and released at the end of the summer. These are only recommendations, not requirements. Thus, it is premature to summarily require any programs related to greenhouse gases receive special legislative approval, in addition to all the other procedures that will be utilized.

For these and other reasons, I have vetoed House Bill 2017. I stand ready to work with the legislature, business and community stakeholders, and ADEQ on these and other measures that will provide Arizonans cleaner air and a better environment.

Yours very truly,

/s/ Janet Napolitano Governor

The Governor vetoed the following:

May 20, 2008

The Honorable Timothy S. Bee President Arizona State Senate 1700 W. Washington Phoenix, Arizona 85007

Re: Senate Bill 1297; State Telecommunications Program; Exemption

Dear President Bee,

Today I vetoed Senate Bill 1297, a bill that would have made the Cotton Research and Protection Council the first state government organization legislatively exempt from participating in the statewide telecommunications program.

The statewide telecommunications program makes one agency, the Department of Administration ("ADOA"), responsible for purchasing and managing the telecommunications systems for all the agencies of state government. By coordinating this effort through ADOA, the state takes advantage of economies of scale and benefits from system-wide uniformity in its telecommunications system. The Cotton Research and Protection Council sought this legislative exemption because it believes it can purchase telecommunications services for \$8,000 less than its current annual payment to ADOA.

The benefits of a statewide telecommunications system, including the efficiency of technology service support, fungibility of hardware and connectivity within a system, outweigh the \$8,000 out-of-pocket cost savings cited. Once the legislature exempts the Cotton Research and Protection Council, other small agencies will try to follow suit. The loss to functionality and efficiency that would occur by supporting multiple, different systems throughout state government would be immense.

The Cotton Research and Protection Council's issue about cost of telecommunications services to the smallest organizations in government raises a more fundamental question: whether our smaller state organizations are appropriate candidates for consolidation, at least with regard to administrative functions. My office is exploring these options throughout state government.

For these and other reasons, I have vetoed Senate Bill 1297.

Yours very truly,

/s/ Janet Napolitano Governor

May 20, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2557; Schools; Standards; PE; Art; Music

Dear Speaker Weiers:

I have vetoed House Bill 2557, which purports to prohibit school districts from eliminating or reducing instruction in physical education, the arts, music, career and technical education or vocational education unless, among other exceptions, the governing board of the school district votes to do so. A decision by the school district governing board is already the method by which districts make such changes in their curricula. House Bill 2557 is, therefore, both unnecessary and redundant.

In addition, House Bill 2557 provides school districts no additional resources to foster programs in music, the arts, physical education, or career and technical education. Thus, not only is House Bill 2557 unnecessary, it also is an empty promise for important areas that need real action.

For these and other reasons, I have vetoed House Bill 2557.

Yours very truly,

/s/ Janet Napolitano Governor

May 20, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2585; General Obligation Bond Requirements

Dear Speaker Weiers:

Today I vetoed House Bill 2585, which contains unnecessary and undesirable changes to the voter information pamphlets counties, cities, community college districts and school districts are required to publish in advance of general obligation bond elections. It also unnecessarily limits local options to refinance bonds.

Bond elections are an important financing tool for counties, cities, community colleges and school districts to fund their necessary capital improvements. The changes House Bill 2585 makes to voter information pamphlets obfuscate, rather than clarify, the statistical information provided to voters. Voters should make informed decisions based on information that is balanced, transparent and as neutral as possible. Moreover, House Bill 2585 would also unnecessarily restrict counties, cities, community college districts and school districts, and their taxpayers, from taking advantage of lower market interest rates by accelerating the repayment of general obligation debt and refinancing.

For these and other reasons, I have vetoed House Bill 2585.

Yours very truly,

/s/ Janet Napolitano Governor

BUSINESS ON THE PRESIDENT'S DESK

COMMUNICATIONS FROM THE GOVERNOR

President Bee announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On May 23, the Governor signed and transmitted House Bills 2059, 2117 (with attachment)*, 2151, 2282, 2321, 2440, 2511, 2513 and 2615 to the Secretary of State

*May 23, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2117; CORP; Member Contributions; Disability

Dear Speaker Weiers:

I have signed into law House Bill 2117, which, among other things, raises the employees' contributions rate to the Corrections Officer Retirement Plan. I have done so despite an error in House Bill 2117 brought to my attention by representatives of the affected employees. The error is that the new employee contribution rate was intended to take effect at the same time as House Bill 2117's effective date. Unfortunately, House Bill 2117 mistakenly commences the new employee contribution rate as of July 1, 2009. Despite this error, I am signing House Bill 2117 into law. We can correct the effective date of the employee contribution rate in coming appropriation bills.

Yours very truly,

/s/ Janet Napolitano Governor

CONFERENCE COMMITTEE APPOINTMENTS

Senator Johnson moved the Senate accede to the request of the House and appoint a Free conference committee to consider the matter of disagreement to House Bill 2564. The motion carried and the President appointed Senators Johnson, Linda Gray and Pesquiera as conferees.

Senator Johnson moved the Senate accede to the request of the House and appoint a Free conference committee to consider the matter of disagreement to House Bill 2816. The motion carried and the President appointed Senators Johnson, McCune Davis and Tibshraeny as conferees.

The motion carried and the President appointed Senators O'Halleran, Allen and McCune Davis as conferees.

The Secretary notified the House.

CONFERENCE COMMITTEE REPORTS

Senator Verschoor moved on behalf of the Chairman that the Senate adopt the following conference committee report:

Senators Huppenthal and Burns, Senate conferees, and Representatives Yarbrough and Biggs, House conferees, submitted the following conference report on House Bill 2108:

That the House accept the Senate amendments and the bill be further amended.

Senator Cheuvront, Senate conferee and Representative Farley, House conferee submitted the following Minority Report:

We do not concur with the conference committee report to H.B. 2108 (income tax credit review schedule). We appreciate the inclusion of the amendment sponsored by Senator Cheuvront in the Senate, which would require any new individual or corporate income tax credit to include a termination year not to exceed eight years past its enactment date.

However, we feel that the addition of the conference committee amendment, which removes any termination year for the corporate income tax credit for contributions to a school tuition organization, contradicts the original intent of the Senate amendment. This same issue failed on the House floor twice this session as HB 2098 and we fear it will doom the entire bill and cancel out all of the good work that went into crafting the income tax credit review schedule changes and the new tax credit sunset date provision.

Because the Senate engrossed version of the bill requires that every new individual or corporate income tax credit include a termination year, we feel that the inclusion of the conference committee amendment directly contradicts the intent of the bill. In keeping with the purported aim of fiscal responsibility of the bill, we feel that the amendment should at the very least include a sunset date of 2014, based on the eight-year review schedule, of the corporate income tax credit for contributions to a school tuition organization,

The motion carried and the Secretary notified the House.

REPORTS OF STANDING COMMITTEES

President Bee announced that without objection, Reports of Standing Committees as listed on the calendar would not be read. The reports would be entered in the Journal and the Secretary would record the action.

BUSINESS ON THE PRESIDENT'S DESK

COMMUNICATIONS FROM THE GOVERNOR

President Bee announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On May 27, the Governor signed and transmitted to the Secretary of State House Bills 2116, 2163, 2288, 2378, 2732, 2806 and 2836.

The Governor vetoed the following:

May 27, 2008

The Honorable Timothy S. Bee President Arizona State Senate 1700 W. Washington Phoenix, Arizona 85007

Re: Senate Bill 1106; Concealed Weapons Permit; Renewal Option

Dear President Bee,

Today I vetoed Senate Bill 1106, which proposes to make concealed weapons permits, once obtained, valid for the entire lifetime of the permit holder, without renewal.

Under current law, concealed weapons permits are valid for five years and renewable. At renewal, the Arizona Department of Public Safety conducts a criminal background check of the applicant to ensure he or she is still eligible to carry a concealed weapon. The criminal background check is paid for, in part, by a \$43.00 renewal fee. Because Arizona requires this renewal and criminal background check, other states and the Federal Bureau of Investigation accept the Arizona concealed weapons permit in lieu of their own permits and procedures.

A lifetime permit would eliminate the periodic opportunity to conduct these criminal background checks, which are an important part of ensuring that only non-felons lawfully carry concealed weapons. The lifetime permit would also, ironically, make it harder for permit holders to carry weapons outside of Arizona and to purchase firearms from firearm dealers without also passing an independent Federal Bureau of Investigation background check.

More important, the concept of lifetime validity for a concealed weapons permit is unwise public policy. In Arizona, a food service worker license is valid for three years, after which every chef, waiter, bartender and dishwasher must take a new exam on food safety to renew his or her license. If we believe protecting the public from food poisoning is important enough to require retesting and renewal, it is impossible to justify a lifetime permit for the carrying of a concealed weapon.

For these and other reasons, I have vetoed Senate Bill 1106.

Yours very truly,

/s/ Janet Napolitano Governor

May 27, 2008

The Honorable Timothy S. Bee President Arizona State Senate 1700 W. Washington Phoenix, Arizona 85007

Re: Senate Bill 1264; Public Rights-of-Way; Claims

Dear President Bee,

Today I vetoed Senate Bill 1264, which would have injected unnecessary confusion into claims over what is now federal, state, military, tribal and even privately-held land in Arizona.

Senate Bill 1264 would have the State of Arizona formally assert, on behalf of itself and every political subdivision in Arizona, claims to any and all rights-of-way it or other Arizona political subdivisions may have had, whether or not recorded, on any public land held by the federal government between 1866 and 1976. Much of the land affected by Senate Bill 1264 has changed hands since 1866 and is now held by private owners, as well as tribes, the federal government, the military and the State of Arizona. Commencing the adjudication of every state right-of-way created during that 110 year period would create unnecessary uncertainty for current land holders.

My veto of Senate Bill 1264 does not foreclose Arizona's ability to assert claims to these historical rights-of-way. Indeed, some Arizona counties have already pursued claims to rights-of-way in specific cases, after weighing necessity against the effect on current land holders. Adjudicating these historical rights-of-way on a case-by-case basis is appropriate. But the blanket assertion of all potential rights suggested by Senate Bill 1264 creates too much collateral damage and chaos.

For this and other reasons, I have vetoed Senate Bill 1264.

Yours very truly,

/s/ Janet Napolitano Governor

May 27, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2629; Justification; Defensive Display of Firearm

Dear Speaker Weiers:

Today I vetoed House Bill 2629, a bill that would have allowed the introduction of firearms into what was up to then only a word fight. This is a dangerous escalation that would have put the public's safety at risk.

House Bill 2629 purported to create a new "justification" defense that would allow an individual who reasonably believes he is under threat of unlawful physical or deadly force to display, take hold of and expose his firearm. House Bill 2629 is largely unnecessary because, with some exceptions, the current Arizona justification laws already allow a person to display, take hold of, expose and even discharge a firearm against another person if a reasonable person in his circumstances would believe he is under the threat of deadly physical force. The problematic new defense House Bill 2629 creates, however, is the ability to display, take hold of and expose a firearm when the situation is only a verbal dispute. Under current Arizona justification laws, a person is not justified in taking hold of their firearm if his fear is based only on words of the provocateur, with no related action.

There is a reason Arizona law does not allow a person in the heat of a verbal dispute, even when the exchange includes harsh words and threats, to take hold of his firearm. No one wants a war of words to escalate into a battle of bullets. This is why Arizona's law enforcement community opposes House Bill 2629. By allowing this kind of escalation, House Bill 2629 puts the public and its law enforcement officers at greater risk.

For this and other reasons, I have vetoed House Bill 2629.

Yours very truly,

/s/ Janet Napolitano Governor

CONFERENCE COMMITTEE REPORTS

Senator Verschoor moved on behalf of the Chairman that the Senate adopt the following conference committee report:

Senators Chuck Gray, Gould and Miranda, Senate conferees, and Representatives Farnsworth, Gallardo and Yarbrough, House conferees, submitted the following conference report on Senate Bill 1053:

That the Senate accept the House amendments and the bill be further amended.

Representative Gallardo, House conferee submitted the following Minority Report:

I do not concur with the conference committee report to SB 1053 (NOW elections; observation; counting center). Provisions added as part of the 42-page conference committee amendment can narrow the timeframe for early voting in elections, harming Arizona voters.

The bill as it passed the Senate expanded the list of persons that shall observe proceedings at the ballot counting center to include a representative of a candidate for nonpartisan office and a representative of a political committee in support of or in opposition to a ballot measure, proposition or question. Amendments in the House focused on the same issue.

The conference committee amendment, however, piled on a number of other measures that the House and Senate were weighing in separate bills. The unfortunate result is that positive measures that will assist county election officials in administering elections in the State are coupled with measures that threaten early voting.

Arizona statutes are currently constructed to allow the counties to open on-site early voting centers and mail early ballots 33 days before the election. See A.R.S. § 16-545(B). The conference committee amendment, however, states that on-site voting centers may be opened only when a county begins to mail the early ballots.

Under State law, the counties have five days to mail early ballots after they are delivered. See A.R.S. \S 16-542(C). The committee amendment, therefore, allows a shorter time for early voting. The Legislature should expand opportunities for citizens to vote. The amendment takes the State in the opposite direction.

The motion carried and the Secretary notified the House and the bill was placed under Final Reading of Bills.

FINAL READING OF BILLS

The following bills were read on Final Reading by number and title, passed on roll call and signed in open session:

Senate Bill 1053: An Act transferring and renumbering section 1-261, ARS, for placement in title 19, chapter 1, article 2, ARS, as section 19-113; transferring and renumbering section 1-305, ARS, for placement in title 16, chapter 2, article 1, ARS, as section 16-206; repealing the article heading of title 1, chapter 2, article 4, ARS; amending sections 16-151, 16-163,

16-166, 16-168, 16-204, 16-206, 16-222 and 16-246, ARS; repealing section 16-246, ARS, as amended by Laws 2007, chapter 168, section 3; amending sections 16-321, 16-445, 16-542, 16-543.02, 16-545, 16-558.01, 16-584 and 16-593, ARS; amending section 16-621, ARS, as amended by Laws 2007, chapter 295, section 4; repealing section 16-621, ARS, as amended by Laws 2007, chapter 259, section 1; amending sections 16-804, 16-826, 16-902.01, 16-916, 19-111, 19-121.01, 48-4433 and 48-4832, ARS; relating to elections.

INTRODUCTION AND FIRST READING OF BILLS UNANIMOUS ADOPTION OF SENATE RESOLUTION 1001

Senate Resolution 1001 on the death of Brent Whiting Brown was introduced and read in full by Senator Arzberger as follows:

Brent Whiting Brown died on May 24, 2008 in Mesa, Arizona.

Born on September 9, 1941 in St. Johns, Arizona to Joseph Albert Brown and Elda Whiting, Brent Brown was a life-long resident of Arizona and grew up in a family of ranchers and educators. He was one of the last of a breed of Mormon ranching Democrats from Northern Arizona. He received a Bachelor's degree from Brigham Young University, a Master's degree from Arizona State University and a Doctor of Philosophy in political science from the University of Illinois.

Brent Brown was the driving force behind the creation of the Arizona State University Center for Public Affairs and served as its founding director in 1974. He was appointed Vice-President for University Relations by President J. Russell Nelson in 1985 and continued to serve in that capacity under President Lattie Coor until 1997. He worked tirelessly to represent the university's interests at the local, state and federal levels and was especially adept at securing the funding necessary to fuel the university's tremendous expansion during his tenure. Dr. Brown was instrumental in bringing a professional football franchise and the first Super Bowl to Arizona. He also helped to

establish the Hispanic Convocation, the Los Diablos scholarship fund, the Morrison Institute and the Arizona State University retiree association.

Despite the administrative demands of his position, Brent Brown cherished his time in the classroom. He taught a Master's program class at Arizona State University each year from 1972 to 2003, and even taught a class at the University of Arizona one semester.

In addition to his stellar career at Arizona State University, Brent Brown also served under Governors Raul Castro, Wesley Bolin and Bruce Babbitt as the executive director of the state agency now known as the Commerce Department. He completed his career as a policy advisor for rural affairs to Governor Janet Napolitano.

Brent Brown loved the State of Arizona and enjoyed studying and teaching Arizona politics and history. He worked hard to make Arizona a better place for all to live and work, but humbly credited others for much of his success. He will be greatly missed by his wife Marilyn, his six children and eleven grandchildren, his other surviving family members and his many friends.

Therefore

Be it resolved by the Senate of the State of Arizona:

That the Members of the Senate express their regret at the passing of Brent Whiting Brown and extend deepest condolences to his surviving family members.

Senator Arzberger moved that Senate Resolution 1001 be unanimously adopted and that the Senate stand in a moment of silence in memory of Brent Brown. The motion carried.

BUSINESS ON THE PRESIDENT'S DESK

COMMUNICATIONS FROM THE GOVERNOR

President Bee announced that without objection, Communications from the Governor as listed on the calendar would not be read and would be entered in the Journal. The Secretary would record the action.

On June, 6, the Governor signed and transmitted to the Secretary of State House Bills 2109, 2330, 2445, 2621, 2622, 2643, Senate Bills 1083, 1165, 1253, 1258 and 1417.

The Governor vetoed the following:

June 6, 2008

The Honorable Timothy S. Bee President Arizona State Senate 1700 W. Washington Phoenix, Arizona 85007

Re: Senate Bill 1341; Schools; Employee Code of Conduct

Dear President Bee,

Today I vetoed Senate Bill 1341, a bill that would have mandated the Arizona State Board of Education recommend to each school district governing board and charter

^{*}Senator Jake Flake deceased June 8, 2008.

JOURNAL OF THE SENATE Monday, June 9, 2008

school governing body an employee code of conduct for adoption. Senate Bill 1341 specifies by what means and how often school administrators would disseminate the codes of conduct to employees.

Most school districts and charter schools have already adopted employee codes of conduct, customized to their needs. Those who have not have many resources to obtain sample codes of conduct, whether through legal counsel, industry organizations, peer school districts or private, for-profit organizations that specialize in providing codes of conduct. Mandating the State Board of Education provide additional sample codes of conduct is unnecessary and a diversion from the Board's primary duties.

For this and other reasons, I have vetoed Senate Bill 1341.

Yours very truly,

/s/ Janet Napolitano Governor

June 6, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2470; Board of Behavior Analysts

Dear Speaker Weiers:

Today I vetoed House Bill 2470, which proposed to create a new state board to license and regulate behavior analysts.

It has been one of my stated goals to find responsible ways to make our many state boards and commissions less costly to operate and more efficient. Thus, I take special notice of requests to create new boards and commissions. The proposed five person Board of Behavior Analysts would be charged with licensing and regulating approximately 32 applicants. The cost of operating the Board would exceed any rational fees collected from the pool of licensees and leave the Board with such limited resources that it may not be feasible to fulfill its regulatory duties.

I suggest that instead of lobbying for a new state regulatory board, the individuals pursuing the creation of this licensed status consider seeking licensure and regulation by the existing Board of Behavioral Health Examiners or the Board of Psychologist Examiners, both of which have the infrastructure and formal educational experience to monitor and regulate behavior analysts.

For these and other reasons, I have vetoed House Bill 2470.

Yours very truly,

/s/ Janet Napolitano Governor

PERSONAL PRIVILEGE

Senator Johnson requested that without objection her remarks of more than 200 words be entered in the Journal. Hearing no objection, the remarks were entered in the Journal as follows:

Last month, I started speaking publicly regarding my concerns about the attacks of Sept. 11, 2001, which brought down the Twin Towers of the World Trade Center, as well as Building 7. If you've watched the media coverage since I first began to speak out, you know how vicious and irrational it has been toward me. The media have worked hard to try to make it seem silly to even question the 9/11 Commission Report, even though some of its own authors have done so, including both of the Commission Co-Chairmen – Mr. Hamilton and Keane.

Actually, the 9/11 Commission Report represents just one theory – the theory that fire and the damage from the airplane impacts brought down the three buildings. This theory explains none of the features of the destruction that we all witnessed that day and which we can still observe on hundreds of videos. It explains nothing about how in four out of four cases, no hijacking code was transmitted by the hijacked airliners, and in four of four cases, no fighter jets managed to get alongside any of the hijacked airliners. The military officers who lied to Congress about their failure to protect America would have been referred for prosecution by some of the 9/11 Commissioners, but those Commissioners were told that they did not have that authority. The events of that day were a heinous crime against our nation and our citizens, and the sense of justice that exists in each one of us demands to know what really happened and how all the perpetrators will be caught and punished. The speculation and theorizing won't end until a thorough, transparent investigation, free of conflicts of interest, takes place.

Among the many theories that you can find on the Internet is one that rises above all the rest. It is rock-solid, confirmed by hard evidence, and supported by hundreds of scholars, architects, engineers and other professionals who have the education, training, and expertise to know what they're talking about. This is the theory that explosive demolitions brought down the Twin Towers and Building 7. I've placed a handout on each of your desks which has a photo of one of the towers as it begins to collapse. I'd like you to take a look at that photo, if you will. Notice in the picture that you see steel beams being flung outward from the building, and great huge clouds of dust that is actually pulverized concrete. A building that falls down, doesn't pulverize itself into dust as it drops. Imagine dropping a chunk of concrete 30 feet or more. Is it going to fall apart into dust? No. Yet, the concrete in the towers was blasted into powder that covered all of Manhattan. You can see that powder already being formed long before that upper section has fallen more than a few floors. As you look at that photo, ask yourself, "Is this a picture of a building collapsing or is this a picture of a building exploding?" Does a building that collapses have the ability to

403

fling its own steel beams sideways up to 600 feet? Does a building that is just starting to collapse blast its contents outwards in a massive cloud of dust? What do you see in that photo? I see an explosion. And so do millions of other people who are demanding a real investigation.

Tuesday, June 10, 2008

More important than simply looking at a photo -- engineers, architects, and scientists have evaluated the rubble at Ground Zero and other aspects of the buildings, and they have found evidence of at least 15 different characteristics of explosion. These 15 characteristics are listed on the handout as well.

Despite the media's outragious attacks on my sanity, intelligence, and patriotism, the emails and phone calls to my office have been 95 percent <u>supportive</u> of my request for a new investigation. I've been amazed, really, to see just how overwhelmingly the public rejects the <u>official</u> reports, not only of the 9/11 Commission but also those by FEMA and NIST (National Institute of Science and Technology). I assumed that expressing skepticism about the official story of 9/11 would be a punishing issue for an expressing skepticism about the official story of 9/11 would be a punishing issue for an expression of the public wents its elected official, but I'm finding that it's quite the opposite. The public wants its leaders to stand up and be counted when it appears that something is wrong. "The truth will set you free." Blair Gadsby and my guests today want the the truth about The American PEOPLE want the truth about 9/11 - they want a new investigation, and so do \overline{I} .

I have provided each of you with a DVD entitled, "Improbable Collapse." I'm hopeful that you will watch it with an open mind and that you'll also study some of the wonderful, well-researched articles on the internet. I've included a list of the most credible websites with your handout.

You don't have to embrace every theory about 9/11. Indeed, there are some that should be soundly rejected. But if you believe, as these scientists, architects and engineers do, that the buildings were brought down by explosive demolition - then you must also agree that we need a new investigation. I have no preconceived notions about who did it and I am not pointing the finger of blame at anyone. But I do think that the worst attack on U.S. soil in American history deserves the best investigation possible, AND THAT IS NOT GOING TO HAPPEN UNTIL PEOPLE LIKE US BEGIN TO SPEAK OUT. The families of the nearly three thousand people who died on Sept. 11 - and the families of those who have been poisoned and died from the toxic residue that hung in the air for weeks afterward during the clean-up operation -deserve to know what killed their loved ones. If anyone else was involved in the planning and implementation of the attacks, then they need to be brought to justice. I ask you to study the material I have given you and then join me in the call for a new investigation.

*June 17, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2677; REAL ID Act; Implementation Prohibited

Dear Speaker Weiers:

I am signing House Bill 2677, through which Arizona joins 13 other states in their formal refusal to implement the federal government's REAL ID Act of 2005.

From its inception, the REAL ID Act has been riddled with problems, both technical and policy-oriented. Accordingly, it took the U.S. Department of Homeland Security until January 11, 2008, over two years after the Act's enactment, to issue final rules on the drivers' license provisions of the REAL ID Act. As acknowledgement of the scope of the problems with the REAL ID Act, the rules include another potential delay of the Act's implementation date to 2011 and, under some circumstances, as late as 2017.

In the meantime, Congress and the Administration have consistently refused to fund the states' high costs of implementing the REAL ID Act. The White House's own budget staff estimates the cost to implement the Act to be at least \$4 billion. To date, the federal government has appropriated only \$90 million for those purposes and those funds have not yet been released. My support of the REAL ID Act is, and has always been, contingent upon adequate federal funding. Absent that, the REAL ID Act becomes just another unfunded federal mandate.

My resistance to an unfunded REAL ID Act should not be confused with my proposed "3-in-1" Enhanced Driver License Program. The "3-in-1" Enhanced Driver License Program is an Arizona program to make available, at the applicant's option, a driver's license that will: (1) serve in lieu of a passport for travel between the United States, Canada and Mexico; (2) act as verification of the holder's legal immigration status; and (3) continue as a driver's license in Arizona. While the "3-in-1" Enhanced Driver License proposal referenced the REAL ID Act, it did so only insofar as implementation of the REAL ID Act is not "practicable." Absent federal funding, implementation of the REAL ID Act is not "practicable" and, thus, the "3-in-1" Enhanced Driver License Program must proceed on its own. For Arizonans who must travel back and forth to Mexico and Canada, the "3-in-1" Enhanced Driver License remains an excellent option. I urge the legislature to revisit this proposal.

For all of the reasons described in this letter, and primarily because the federal government has not met the financial burden associated with the REAL ID Act, I am signing House Bill 2677 into law.

Yours very truly,

/s/ Janet Napolitano Governor

INTRODUCTION AND FIRST READING OF BILLS UNANIMOUS ADOPTION OF SENATE CONCURRENT RESOLUTION 1045

Senate Concurrent Resolution 1045 on the sixtieth anniversary of Israel was introduced and read in full by Senator Miranda as follows:

Whereas, on November 29, 1947, the United Nations General Assembly voted to partition the British Mandate of Palestine and create a Jewish state; and

Whereas, on May 14, 1948, the people of Israel proclaimed the establishment of the sovereign and independent State of Israel, and the United States Government established full diplomatic relations with Israel; and

Whereas, the impulse to establish the independent State of Israel, with the city of Jerusalem as its capital, is an outgrowth of the existence of the historic kingdom of Israel established in the Land of Israel three thousand years ago; and

Whereas, for over two thousand years, there has been continuous Jewish presence and residence in the land comprising the modern State of Israel; and

Whereas, the establishment of the modern State of Israel as a homeland for the Jewish people followed the slaughter of more than six million European Jews during the Holocaust; and

Whereas, since its establishment sixty years ago, the State of Israel has rebuilt a nation, forged a new and dynamic democratic society and created a thriving economic, political, cultural and intellectual life despite the heavy costs of war, terrorism and unjustified diplomatic and economic boycotts against the people of Israel; and

Whereas, the people of Israel have established a vibrant, pluralistic, democratic political system, including freedom of speech, association and religion; a vigorously free press; free, fair and open elections; the rule of law; a fully independent judiciary, and other democratic principles and practices; and

Whereas, Israel has developed some of the leading universities in the world, and eight Israeli citizens have been awarded the Nobel Prize; and

Whereas, Israel has developed an advanced, entrepreneurial economy, is among the world's leaders in high-tech industry and is at the forefront of research and development in the field of renewable energy sources; and

Whereas, Israel regularly sends humanitarian aid, search and rescue teams, mobile hospitals, and other emergency supplies, to help victims of disasters around the world, including the 1994 Rwandan civil war, the 1998 bombing of the United States Embassy in Kenya, the 1999 earthquakes in Turkey, the 2004 Indian Ocean tsunami, the 2005 hurricanes along the southern coast of the United States and the 2007 fires in Greece; and

Whereas, Israel has absorbed millions of Jews from countries throughout the world and fully integrated them into Israeli society; and

Whereas, Israel has bravely defended itself from repeated terrorist and military attacks since its independence; and

Whereas, successive leaders of Israel have sought to achieve peace with Israel's Arab neighbors; and

Whereas, Israel has established peaceful bilateral relations with neighboring Egypt and Jordan and has made its desire to establish peaceful relations with all Arab states abundantly clear; and

Whereas, for six decades, the United States and Israel have maintained a special relationship based on mutually shared democratic values, common strategic interests and moral bonds of friendship and mutual respect; and

Whereas, the citizens of Arizona feel a strong affinity for the Israeli people based on common values and shared cultural heritage; and

Whereas, the United States and the State of Arizona continue to regard Israel as a strong and trusted ally and an important strategic partner.

Therefore

Be it resolved by the Senate of the State of Arizona, the House of Representatives concurring:

- 1. That the members of the Legislature of the State of Arizona:
 - (a) Recognize the historic significance of the sixtieth anniversary of the reestablishment of the sovereign and independent State of Israel as a homeland for the Jewish people.
 - (b) Commend the people of Israel for their remarkable achievements in building a new state and a pluralistic, democratic society in the face of terrorism, hostility, ostracism and belligerence from many of their neighbors.
 - (c) Extend the warmest congratulations and best wishes to the State of Israel and the Israeli people for a peaceful, prosperous and successful future.
- 2. That the Secretary of State of the State of Arizona transmit a copy of this Resolution to the President of the State of Israel, the Chairman of the Knesset, the Israeli ambassador to the United States and the Consulate General of Israel in Los Angeles, California.

Senator Miranda moved that Senate Concurrent Resolution 1045 be unanimously adopted. The motion carried.

Senate Concurrent Resolution 1045 was signed in open session and transmitted to the House.

The Honorable Tim Bee President Arizona State Senate 1700 West Washington Phoenix, AZ 85007

Re: Senate Bill 1053; Elections; Observation; Counting Center

Dear President Bee:

Today I signed Senate Bill 1053, a bill that provides many improvements to the Arizona election process. Although I signed Senate Bill 1053 into law, I am concerned about the bill's changes to A.R.S. §§16-542(A) and 16-545(B), changes that have the potential to shorten the early-voting period.

Early voting in Arizona begins 33 days before the regular primary and general elections. Under current law, counties may open on-site early voting stations when the early voting period begins, giving Arizonans 33 days to vote at satellite locations and/or drop off their early ballots. Counties have up to five days once the early voting period begins to mail early ballots to voters whose requests for early ballots were received before the $26^{\rm th}$ day prior to the election. Senate Bill 1053 ties the date on-site early voting stations may open to the date early ballots are mailed, potentially shortening the amount of time Arizonans can vote at on-site locations by up to five days.

Given the natural delays inherent in vote-by-mail, any attempt to condense the timeframe for early voting is of concern. For that reason, I am asking the county recorders to collectively compare on-site and vote by mail participation in 2004 and 2006 to the upcoming 2008 primary and general elections to determine if the new timeline established by this legislation results in any decline in early voting. If participation in early voting at on-site locations and/or by mail declines, I call on the Arizona Association of Counties and the County Recorders to work with my office to enact an appropriate amendment.

On the whole, however, the improvements to the elections process provided by Senate Bill 1053 outweigh this single concern. For that reason, I am signing Senate Bill 1053 into law.

Yours very truly,

/s/ Janet Napolitano Governor

NOT VOTING 4: Gorman, Johnson, Landrum Taylor, Miranda

*Senator Linda Gray requested her remarks relating to House Bill 2269 be inserted in the Journal.

Mr. President, I would like to explain my vote. I had pressed my button, I guess it was a little bit late for you to see it on the last vote that we had.

But, I am going to speak to that bill, concerning day laborers. If any day laborer would need to go in for an abortion...

The concern in having a nurse practitioner doing an abortion is the amount of skill that that nurse lacks in case there are complications. I don't know if our students understand, I know my daughter-in-law, who is thirty years old and now pregnant, did

not know what partial-birth abortion is. And as I explained it to her, she actually covered her ears. She didn't want to hear what it was.

What the process is, is that for three days, you go through a process of becoming dilated. On the third day, that you are in there, the doctors hope that the baby is a breech birth, because they want the baby to come out feet first. Now the reason they want the baby to come out feet first is as soon as the shoulders come out, and this is a baby when the nurse who supported Pro Choice, explained the procedure, she said the baby had it's hands clasped, was kicking, and then the doctors stabbed the baby in the back of the neck with a pair of scissors. The baby flinched and then the baby went limp.

I really didn't think it was funny, but then a suction tube is placed in where they've spread the scissors apart and the brains are sucked out.

That is partial-birth abortion. In any procedure there can be complications and that is why nurse practitioners should not be allowed to do partial-birth abortions, and I would have liked to have changed my vote to "nay", but I guess the President did not see my light. Thank you and I vote "aye" to this bill.

The following bill was read on Third Reading by number and title and failed to pass:

House Bill 2412: An Act amending section 13-1504, ARS; relating to criminal trespass.

INTRODUCTION AND FIRST READING OF BILLS UNANIMOUS ADOPTION OF SENATE RESOLUTION 1002

Senate Resolution 1002 on the death of Albert Wallace Denny was introduced and read in full as follows:

Albert Wallace "Wally" Denny passed away on June 17, 2008 at the age of one hundred one.

Wally Denny was born in Indianapolis on December 19, 1906 to Martha and Scott Denny. After graduating from Purdue University in 1928 with a degree in mechanical engineering, he worked briefly at the U.S. Steel Co. before beginning a lengthy career with the Goodyear Tire and Rubber Company. He worked for Goodyear in Ohio and California before relocating to Toronto in 1938. There he eventually became vice president of Goodyear's Canadian operations, helping to establish several specialized manufacturing facilities in the western part of the country.

In 1930, Wally married Edith Litchfield and together they raised three children. They eventually moved to Litchfield Park, where her father had established Rancho La Loma in the 1920s, and their philanthropic endeavors were instrumental in the growth and prosperity of the West Valley. They donated land to Sun Health, where La Loma Village senior care community was built, and donated the original homestead and an additional twenty acres to the city of Litchfield Park to preserve its history. They donated generously to the Florence Brinton Litchfield Memorial Library and to numerous other worthwhile cultural organizations.

Together, Wally and Edith Denny pursued their love of aviation. They owned several airplanes and both had earned their pilot's licenses. They flew across the United States, Canada and Latin America and logged more than 4,000 miles in the air. Both Wally and Edith continued to fly even past the age of eighty and were members of United Flying Octogenarians, a group of active pilots over the age of eighty.

Wally Denny will be greatly missed by his children, Julia, Pamela and Peter, his ten grandchildren and his nineteen great-grandchildren.

PERSONAL PRIVILEGE

Senator Johnson requested that her remarks of over 200 words be entered into the Journal.

Nearly 12 years ago – in January, 2006 – I was sworn in as a state representative of the people who lived in what was then District 30 in West Mesa, Queen Creek, Gilbert and even some of Chandler. When I came here, I didn't do it to make friends, but to represent the people in my district – and hopefully to represent them well. I was committed to smaller government, less government regulation, fewer government intrusions into people's lives, lower taxes, standards of integrity, and always a voice for the family. I am still committed to those things. I hope I have accomplished some of that and have lived up to the standards I embrace. I know I have certainly tried to.

Serving in the legislature is an incredible, sometimes <u>wonderful</u>, sometimes difficult, life-changing experience. I thought I knew what it would be like beforehand, but as it turned out, I really had no idea. No one can imagine what it's like to serve as an elected official until they actually do it.

Being an elected official is like standing naked upon a stage. People watch what you do and are sure to comment on every action you take. Your mistakes are broadcasted to the world, while your accomplishments may be silently approved but are more often ignored. Then comes the day when you leave office. No matter how good they are, politicians are soon forgotten. We leave office and before long, no one knows our names. Except for our families and close friends, few people will ever remember that Karen Johnson once served in the Arizona legislature. That is good for many reasons. It's a blessing to sink back into the world of anonymity, where you aren't being watched night and day. But even though in a few months most people will no longer know my name, there is SOMEONE who knows my name who will never forget it – that someone is the God who gave me life. He knows my name and he knows what is in my heart and He knows whether or not I have done my duty during these 12 years in the legislature. Someday I will stand before Him and account for my time on earth – whether I spent it wisely and productively and righteously or whether I wasted it in frivolous pursuits. I hope I can stand before Him and be proud of my record. That is my desire and that is my goal.

My children and grandchildren will be among the few who will remember me long after I leave this earth. It's mostly for them that I have been motivated to serve in the legislature these past 12 years. They will inherit the world that I and others have created for them. I fear that our country is in a great decline, but I hope that in some small way I have helped to stay the tide of evil that is engulfing our nation and that others who take my place will carry on that fight. Each and every one of us must stand for something, and I hope I have done my part.

After 12 years in office, I have a deep and abiding appreciation for our Founding Fathers, who gave us a government based on the principles of freedom, who taught us how freedom works, and then let us run with it. I am forever grateful to them for their brilliance, their courage, their fidelity, their faith in God, and their willingness to sacrifice everything they had in order to give us the freedom that we \underline{SO} take for granted.

I am grateful to the people who taught me and served as great role models to me over the years – people like Phyllis Schlafly, Pat Buchanan, Ron Paul, Evan Mecham, and Ezra Taft Benson. I am so grateful to them for their leadership and their example.

I am grateful to all my friends here in the legislature – and you <u>are</u> all my friends. I have enjoyed serving with you here in the Senate these past four years. I appreciate your kindness, your support, your sense of humor, and your cameraderie.

As my service in the legislature draws to an end, I want to say that I appreciate all of you and the job that you do. Even though we don't always agree on the issues, I know that you all do your best to promote the things that you feel are right, and I respect you for that.

I also want to say how much I love my husband, who has tolerated the telephone ringing in our house at least a million times while we were trying to have a conversation. I love my children – Kimberly, Jared, Rebecka, GariLu, Aaron, Rueben, Gabe, Rod, Chris, Jeff and Kevin. I love my country, and I love my Heavenly Father and my Savior, Jesus Christ, without whom I could not have survived the 12 years I have spent here. God is the source of my strength and He is my place of refuge. I would like to share with you a passage from one of my favorite scriptures, Isaiah 40:31.

But they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk and not faint.

It's my prayer that God will watch over all of <u>you</u> who continue here at the legislature after I leave. That He will give you the strength needed to complete your tasks, that angels will protect you, that you will have peace, comfort, and happiness in your remaining years here at the capitol and throughout the rest of your lives. I appreciate and love all of you and wish each of you the best that life has to offer. Thank you for your kindness and friendship.

The Governor signed House Bill 2156 with the following message:

June 27, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2156; Railroad Projects; Review

Dear Speaker Weiers:

I am signing House Bill 2156, the bill that requires railroad companies to provide the Arizona Department of Transportation and the affected communities notice and an opportunity to hold public hearings about plans to build a new route or site in a communitý before the railroad companies may invoke their eminent domain powers.

House Bill 2156 does not give Arizona the power to prevent a railroad company from building a new route or site. It only requires (i) disclosure of the project and a description of the effects of the project on the local groundwater, road access and road congestion, environmentally sensitive areas, agricultural areas, noise levels and other issues related to collateral effects on the local community; (ii) a maximum of three public hearings so the local community may comment on the project; and (iii) reimbursement of some fees the State may incur in its review of the project. In addition, the State must conduct its review of the disclosure materials and hold the public hearings all within 120 days of the railroad's submission of the disclosure materials.

Last July 2, 2007, I vetoed House Bill 2020, a bill that also required railroad companies to provide disclosure to the community affected by new rail routes. In my veto message, I noted that railroads are regulated primarily at the federal level and that House Bill 2020 raised issues regarding federal pre-emption. The sponsors of House Bill 2156 have made changes to the bill to address those issues. House Bill 2156 is a different bill than last year's House Bill 2020 in significant ways.

The railroad companies that have resisted this bill have claimed that they have great concern over the effects of their projects on local communities and an even greater desire to work with communities to address those effects. Yet, the railroad companies have shown little genuine interest in the multiple opportunities legislators have offered to work out alternative arrangements to House Bill 2156. Time has run out. Arizona will proceed to provide its affected citizens with the information necessary to understand the effects of a new railroad route in their communities.

For all the reasons described in this letter, I am signing House Bill 2156 into law.

Your very truly,

/s/ Janet Napolitano Governor

On June 27, the Governor vetoed Senate Bill 1048 with the following message:

June 27, 2008

The Honorable Timothy S. Bee President Arizona State Senate 1700 W. Washington Phoenix, Arizona 85007

Re: Senate Bill 1048; Definition; Partial-birth Abortion

Dear President Bee:

Today I vetoed Senate Bill 1048, which proposed to amend Arizona's partial-birth abortion statute to make it correspond in penalty and scope with the 18 USC §1531, the federal partial-birth abortion ban statute.

As I said in my April 4, 2008 veto letter of House Bill 2769, Arizona physicians are already subject to criminal penalties under the federal statute. I am loathe to introduce more criminal penalties, including incarceration by the State, into the relationship between a woman and her physician.

For these and other reasons, I have vetoed Senate Bill 1048.

Your very truly,

/s/ Janet Napolitano Governor

On July 7, the Governor approved:

House Bill 2094, highway project advancement notes

House Bill 2194, municipalities; technical correction (now: military facility; reservations; security)

House Bill 2207, sentencing; reorganization House Bill 2234, JTEDs; bonding

House Bill 2356, notification; complaint; registrar of contractors (now: prime contracting TPT; deduction)

House Bill 2481, misconduct involving weapons; ammunition (now: special health care districts; terms)

House Bill 2485, unlawful public sale of animals

House Bill 2614, renewable energy valuation; expiration extension
House Bill 2701, county graffiti abatement; procedures
House Bill 2813, ballot measures; publicity pamphlets (now: civil action; affirmative defense)
House Bill 2822, pest control; department of agriculture

Senate Bill 1028, minimum wage; conflicting law; repeal (now: loan origination licensing)
Senate Bill 1029, AMA water districts; conflicting versions (now: license renewals; bankers; mortgage brokers)

Senate Bill 1235, state expenditures; searchable database; transparency

Senate Bill 1337, centennial funding; capitol renovation

Senate Bill 1410, corporations and LLCs

Senate Bill 1435, appropriations; named claimants

On July 7, the Governor vetoed House Bills 2389, 2626, Senate Bills 1406, 1452 and 1484 with the following messages:

July 7, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2389; Misconduct Involving Weapons; Means; Transportation

Dear Speaker Weiers:

Today I vetoed House Bill 2389, a bill that would have allowed individuals to hide weapons in their vehicles without a concealed weapons permit. Law enforcement requested that I veto this bill, and for good reason. House Bill 2389 would have added to the level of uncertainty and danger law enforcement officers who make traffic stops already face in the line of duty. It would also deprive officers of the ability to confiscate concealed weapons from individuals who ignore the concealed weapons laws in transit.

For these and other reasons, I have vetoed House Bill 2389.

Yours very truly,

/s/ Janet Napolitano Governor

July 7, 2008

The Honorable Jim Weiers Speaker of the House Arizona House of Representatives 1700 West Washington Phoenix, Arizona 85007

Re: House Bill 2626; Weapons; Peace Officers; Posse; Reserves

Dear Speaker Weiers:

Today I vetoed House Bill 2626, a bill that included provisions I vetoed last year regarding an unreasonably narrow definition of "concealed" for purposes of the concealed weapons law.

As I said in my April 27, 2007 veto letter, I object to the idea that a weapon is not considered concealed for purposes of the concealed weapons laws if *any* portion of the weapon is visible. Common sense tells us that exposure of a small corner of a gun handle is insufficient to give reasonable notice to the public or to law enforcement that a person is armed.

For this and other reasons, I have vetoed House Bill 2626.

Yours very truly,

/s/ Janet Napolitano Governor

July 7, 2008

The Honorable Timothy S. Bee President Arizona State Senate 1700 W. Washington Phoenix, Arizona 85007

Re: Senate Bill 1406; Municipal Development Fees; Procedures

Dear President Bee,

Today I vetoed Senate Bill 1406, which would have placed further restrictions on municipalities that seek to make developers of new growth assist in paying the public costs of growth through the use of development fees.

Every legislative session, developers propose new procedural changes to the way municipalities may calculate, schedule or collect development fees. Rather than address these issues on a piecemeal basis as we have in the past, we should work on comprehensive procedures for the fair imposition of development fees. Such fees

should create predictability for developers, provide needed public services more quickly and more equitably distribute the cost of new public services.

Arizona would benefit if an agreed upon, comprehensive approach to development fees would be considered during the next regular legislative session.

In the meantime, I have vetoed Senate Bill 1406. I look forward to working with all the interested parties as, together, we move forward.

Yours very truly,

/s/ Janet Napolitano Governor

July 7, 2008

The Honorable Timothy S. Bee President Arizona State Senate 1700 W. Washington Phoenix, Arizona 85007

Re: Senate Bill 1452; Homeowners' Associations; Foreclosures; Voting Rights

Dear President Bee,

Today I vetoed Senate Bill 1452, a bill that would have dramatically changed the voting rights of homeowners' association members in certain circumstances.

Members of homeowners' associations generally select their boards of directors and decide crucial decisions by majority vote. Senate Bill 1452 turns that well accepted tenet of representative governance on its head, giving the minority the majority power and striping the majority of equal voting rights.

Under Senate Bill 1452, the minority members of a homeowners' association would be given control of the board of directors if the majority membership is owned by a party who acquired the lots in a settlement for unpaid property tax from the original master planned community developer. Despite owning the majority of the lots in the planned community, the replacement owner to the original master planned community developer would only be allowed to vote on the election of less than half of the members of the board of directors of the homeowners' association.

The members of any homeowners' association can opt-in to such uneven voting measures if they vote to amend their bylaws accordingly. Unilaterally imposing this change of a fundamental governance rule by statewide statute, however, is unnecessary and unwise.

For these and other reasons, I have vetoed Senate Bill 1452.

Yours very truly,

/s/ Janet Napolitano Governor

July 7, 2008

The Honorable Tim Bee President Arizona State Senate 1700 West Washington Phoenix, AZ 85007

Re: Senate Bill 1484; Prime Contracting Deduction; University Improvements

Dear President Bee:

Today I vetoed Senate Bill 1484, a bill that proposed to divert the State's share of certain transaction privilege tax revenues and transfer them to any city that expended monies to provide infrastructure necessitated by the construction of privately funded university buildings.

Senate Bill 1484 is unfair; it only benefits cities that have state universities. Yet these cities already benefit greatly from a university's presence. An extra tax "dividend" goes too far.

In addition, if this special tax treatment is afforded to universities, other worthy organizations (community colleges, public hospitals, etc.) would be justified in making the same request of the general fund, further limiting the State's abilities to fund its priorities. These priorities include, obviously, the funding for the universities themselves.

For these and other reasons, I have vetoed Senate Bill 1484.

Yours very truly,

/s/ Janet Napolitano Governor

Joint Protocol Session State of the Judiciary The Honorable Ruth V. McGregor Chief Justice, Arizona Supreme Court

President Bee, Speaker Weiers, members of the Arizona Senate and House of Representatives, judges, volunteers, guests and fellow Arizonans.

Thank you for inviting me once again to speak with you about the Arizona Judicial Branch.

Joining me today are Vice Chief Justice Rebecca Berch, Justice Michael Ryan, Justice Andy Hurwitz and Justice Scott Bales. It is our honor to head the Arizona judicial system, a system that is respected and emulated throughout the country. Arizona's court system owes its status to the past and continuing efforts of not only our judges, but also our Clerks of Court, our administrators, employees, and thousands of public volunteers who bring their energy and dedication to improving our courts.

We recognize our responsibility to be accountable. Courts, of course, are accountable first for upholding the rule of law. But we also are accountable for ensuring that the public has access to a fair, efficient justice system. This annual address is one of many steps we take to inform you and the public about how your courts are fulfilling their duties. Today, I will tell you of the progress we have made, including that in some programs I first described for you last year.

When I became Chief Justice nearly 3 years ago, the public told us that they wanted the court system to do a better job of processing DUI cases. Echoing that concern, this body has enacted a number of laws intended to reduce the frequency of DUI offenses. We understand that, unless our courts can process DUI cases efficiently and fairly, the effectiveness of the laws you adopted is reduced. After carefully analyzing the problem by establishing a Task Force in 2005, we established a pilot project in courts statewide. The courts in the pilot project applied new procedures to process DUI cases. I am pleased to report that we found great success. The pilot courts reduced the number of DUI cases that had been pending for more than 180 days by 77 percent. We reduced the time from filing of a case until trial, and resolved cases more quickly, without compromising the constitutional rights of defendants.

Because of the pilot project success, we will implement our new procedures statewide in limited jurisdiction courts during 2008. By processing DUI cases more efficiently, our courts contribute to reducing the problems related to DUI offenses.

We also must be accountable for finding ways to help the public when they come into contact with the court system, particularly those without lawyers or formal legal training. Looking for help, they ask court staff to tell them what to do. But court staff are limited in what they may say because, while they can provide legal information, they may not give legal advice. Lack of clarity about the distinction between advice and information caused confusion for staff and frustration for the public. To draw clear guidelines for the public and court staff, last year I created the Legal Information Task Force, which reported its work in 2007. The guidelines created by the Task Force and adopted by our court should go far to assist both the public and court communities.

We have taken other steps to help self-represented litigants and rest of the public: we created guides, available on court web sites, to help people appeal from decisions in their cases; we enacted the Arizona Rules of Family Law Procedure, which were the first of their kind in the nation, to make it easier for the large majority of litigants who try to navigate family court without lawyers. We will continue to find new ways to ensure that the public has well-informed access to the courts.

We also are accountable to those members of the public who fulfill their civic obligation to serve as jurors when called. We have worked for years to make jury service a better experience for jurors.

Recently, we have worked together with this body to develop laws that both improve the justice system and help the public. Nearly five years ago, you passed legislation to better compensate jurors who serve on lengthy trials. When we first implemented this legislation, jurors received additional juror pay if they served ten days or more. Over time, we learned that the lengthy jury fund you established could fund those who serve on trials of four days or more. You made the statutory change needed to extend lengthy trial pay, and we have implemented it.

Last year we asked you to enact legislation to minimize the amount of traveling a juror needs to do in counties with more than one court location, while keeping the jury system constitutionally compliant. And we thank you for doing just that.

We also made jury service more convenient by offering "Online Jury Service Selection," which allows those called as jurors to go online to find a date that is convenient for them to serve. Today, we offer this service to nearly 80 percent of Arizona jurors, and every county will offer the program by the end of 2008.

While jury service provides one route for the public to come into contact with the court, another more painful route occurs when a person becomes the victim of a crime. Our courts have worked hard to better address the needs and rights of crime victims, while always maintaining court neutrality and also assuring the rights of defendants. In 2006, I created the Commission on Victims in the Courts, to help us meet our obligations to victims of crime.

One of the Commission's recommendations, now implemented in Maricopa County, involved the creation of a service that allows crime victims to receive email updates about their Superior Court cases. More than 6,000 people have registered for this program, and 10,000 notices have been sent to victims keeping them apprised of the status of their case.

We are currently working with a private contractor to develop an urgently-needed new case management system that, when completed and implemented, will allow us to expand this and other critical services to other counties. Victims also told the Commission that it would be helpful if they could receive notification about when an appellate decision would be published. All of our appellate courts now offer this service by providing notice the day before an opinion is released.

When we think of crime victims, we usually think of adults. But those impacted by or involved in the court system also include society's most vulnerable members, Arizona's children.

The courts generally become involved with children and their families when abuse or neglect allegations occur. The court system offers a number of services to help both parents and children during these difficult times. We could not provide these critical services without the help of hundreds of public volunteers, whom we thank for their service.

The Court, for instance, operates the Court Appointed Special Advocate or CASA program. This program matches adult volunteers with dependent children so that the court can hear an independent, volunteer voice who speaks solely for the child in a dependency case.

In addition to using our 800 CASA volunteers, the courts protect our families and communities through our Foster Care Review Board. This Board provides a citizen review process to monitor the progress of children who have been removed from their homes. Today, 500 Board volunteers work to ensure the wellbeing of the 9700 children who have been removed from their homes. We are so grateful for those citizen volunteers. The value of their unique and selfless role in protecting children cannot be overestimated.

We also must hold ourselves accountable for assisting other court users who have particular needs, including the many court users who file petitions alleging domestic abuse each year. To help address the specific needs of these members of our community, the Arizona Supreme Court adopted court rules that govern and simplify the administration of protective order cases.

In addition, we adopted new uniform protective order forms, designed to ensure easier recognition and greater enforcement by law enforcement agencies in all jurisdictions. Those forms are now in use in all Arizona courts, as well as in many courts across the country. I am proud to report that, once again, Arizona was a leader in this initiative to develop uniform forms.

In a related area, the appellate courts recognized the need to resolve more quickly cases involving the severance of parental rights. Potential adoptive parents, biological parents, and especially the children involved need and deserve prompt resolution of these cases. By adopting new procedures for considering these cases on appeal, we expect to reduce substantially the time needed to complete the appellate process.

It is unrealistic for me to ignore the very real challenge the state budget poses. During the last fiscal crisis, the Court looked for ways to contribute to solving the problem. Our solution was to create the "FARE" program, which upholds the rule of law by requiring that court orders be enforced and that defendants pay the fines, fees, and restitution that they owe but have avoided paying. Through the FARE program, we found new ways to bring in old "accounts receivable" owed by defendants. By using FARE, we have recovered more than \$100 million dollars. This revenue source does not stay with the courts; some goes to crime victims, and the rest supports city, county, and state programs. At the same time as we worked to recover old debts, we collected more than \$350 million dollars in current fines, fees, and restitution last year.

The courts also recognize that the public, quite properly, holds the courts accountable to them. While we measure accountability in a number of ways, I will tell you about a few of those measures today.

One way of assuring accountability is by implementing appropriate performance measures, which allow us both to identify areas of excellence and to define those areas needing improvement. I am pleased today to announce that, during 2007, all fifteen of our Superior Courts participated in an "Access and Fairness" survey.

After administering nearly 6,000 surveys statewide, we found that 91 percent of those who took the surveys reported that they were treated with courtesy and respect, a result that is a great tribute to our court staffs. Seventy-seven percent said that their case was handled fairly; and 85 percent said that they left the court knowing what to do next.

We assess every part of the justice system, but one group necessarily comes under particular scrutiny: judicial officers. It is critically important that the public have trust and confidence in their judicial officers, and our surveys say they do. Seventy-eight percent of the respondents to the statewide "Access and Fairness" survey said that the judge in their case had the information necessary to make good decisions. These results are particularly meaningful when we consider that many of those completing the survey did not prevail in their cases. But this is not our only measure of judicial performance.

We utilize another detailed method to measure and report on the judicial performance of our merit selection judges in Pima and Maricopa County Superior Courts and our appellate courts. The Judicial Performance Review (JPR) process, established by Arizona voters in 1990, covers 75 percent of our state judges. In 2006, court users, including litigants, witnesses, lawyers, jurors, were surveyed about their experiences with those judges who would be on the merit retention ballot.

The results were published in the statewide voter pamphlet as well as on a website And the results were impressive. Ninety-seven percent rated our merit selection judges as "Satisfactory" or higher, and eighty-seven percent rated these judges as "Very Good" or "Superior." Once again, the results include ratings from many litigants who did not obtain the relief they sought from the courts.

The "Access and Fairness" survey and JPR results reveal the attitudes of court users toward Arizona's judges and courts. But Arizona court users are not the only body that expresses trust and confidence in the Arizona Judicial Branch. The annual survey by the U.S. Chamber of Commerce, for instance, consistently ranks the Arizona judicial system as one of the "best" state court systems in the nation.

We constantly look for ways to measure the performance of our judges and courts and will continue to emphasize the need to be transparent and accountable to the public we serve.

Any justice system is affected, for good or bad, by the lawyers who practice within it. This year, the State Bar of Arizona celebrates its 75th anniversary. We congratulate the Bar and thank its members for their service to the law and our communities. In 2006 alone, Arizona lawyers provided more than 100,000 hours in pro-bono and charitable efforts.

It is in this tradition of service that I am pleased to introduce the legal community's latest volunteer effort: "Lawyers Helping Homeowners."

The state budget is not alone in being negatively impacted by Arizona's financial downturn. Many people, including our families, friends and neighbors, are overwhelmed by the impact of skyrocketing adjustable mortgage payments that they cannot meet. Many do not realize that they have options other than foreclosure. So today I am calling on the lawyers of Arizona to assist homeowners to negotiate a loan to save a home.

The "Lawyers Helping Homeowners" program will use the efforts and expertise of volunteer lawyers to assist homeowners working with their lenders to negotiate reasonable payment terms, rather than default on their loans. The Arizona Foundation for Legal Services and Education and the Volunteer Lawyers Program, with the State Bar, will play important roles in making this program a success. This initiative should provide hope to many, who otherwise have none.

The Judicial Branch, like the other branches of government, touches every community in our state. Arizona's judicial system has gained the trust of the public and works hard every day to deserve that trust. We ask for your support and assistance as we continue to fulfill our duties to the rule of law on which this country is founded and that has allowed us to prosper. Thank you for the opportunity to speak with you today.

RULE 1 Officers and Employees

- A. The officers of the Senate shall be a President, who shall be chosen from among the membership of the Senate, a Secretary, an Assistant Secretary, and a Sergeant at Arms.
- B. There shall be such other employees as may be authorized by the Senate. The appointment, terms and conditions of employment, compensation, discipline, and discharge of employees of the Senate shall be determined by the President, subject to the approval of the Senate. Employees of the Senate are prohibited from lobbying during the term of their employment, and a violation of this rule will be sufficient cause for the summary discharge of the offending employees.

RULE 2 The President

The President shall have the following powers and duties:

- A. The President shall take the chair on every legislative day precisely at the hour to which the Senate, at its last sitting, adjourned; immediately call the members to order and on the appearance of a quorum, cause the Journal of the proceedings of the last day's sitting to be read.
- B. The President shall have control of the Senate Chamber, including seating assignments of members therein, all other parts of the Senate wing and all other areas and buildings used exclusively by the Senate.
 - C. The President shall preserve and maintain order and decorum.
- D. The President shall sign all acts, addresses, joint resolutions, writs, warrants and subpoenas issued by the order of the Senate, and decide all questions of order, subject to an appeal by any member, on which appeal no member shall speak more than once, unless by permission of the Senate.
- E. The President shall state all questions in the proper order in which they shall be disposed.
- F. When a question is undebatable or when debate on a question is closed, the President shall state the question, calling first for the "Ayes" and then for the "Noes." If the President is in doubt, or a division is called for, the Senate shall divide; those in the affirmative of the question shall first rise from their seats, and then those in the negative. But on demand of two members a roll call of the Ayes and Noes shall be ordered at any time before such vote is made certain and declared.
- G. The President shall have the right to vote, and on all questions the President shall vote last.
- H. The President shall have the right to name any member as President Pro Tempore to serve during the President's absence, which appointment may extend throughout the session unless terminated by the Senate. The President may appoint any other member as temporary President Pro Tempore to serve for a limited period of time in the absence of the President and President Pro Tempore. In the absence or omission of such an appointment, the Senate shall proceed to elect a President Pro Tempore to act during the absence of the President.
- I. The President shall appoint all standing committees, and all select committees unless otherwise ordered by the Senate by a majority of the members present, and shall appoint the chairman and vice-chairman of each such committee. The President shall be an ex-officio member of all committees, but shall not vote or sign reports from any committee except the committees of which the President is chairman. However, if the President is an appointed member of the Rules Committee, the President shall be a voting member of that committee. The President shall fill all vacancies on committees.
 - J. The President shall refer all proposed measures or other legislative matters to

the appropriate committees. Every bill, resolution and memorial shall be referred by the President to one or more standing committees, except resolutions or memorials to be adopted by unanimous consent and House bills to be substituted on third reading pursuant to Rule 11-H. All proposed measures or other legislative matters shall automatically be assigned to the Rules Committee without action upon the part of the President. If three-fifths or more of the members of the Senate petition the President to discharge committees from further consideration of a bill, resolution or memorial, the measure shall be withdrawn by the President from assigned committees which have not reported the measure. If a committee hearing has not been held on the measure, the President shall direct that a hearing be held by a committee within seven days and upon withdrawal or hearing, the matter shall be placed by the President on the active calendar of the Committee of the Whole. If the measure is reported favorably by the Committee of the Whole, it shall be placed by the President on the third reading calendar. If a discharge petition is presented to the President less than seven days before the Senate adjourns sine die, the President shall not be required to act upon the petition.

- K. All debts incurred by the Senate, either during session or between sessions of the legislature, shall be subject to approval by the President and if so approved shall be paid by claims drawn on the Finance Division of the Department of Administration.
- L. The office of the President shall keep the accounts for the pay, mileage and subsistence of members and attaches, and shall maintain these records for inspection by the membership.
- M. The President is authorized to call meetings of standing committees of the Senate during periods when the Senate is not in session, and to approve claims for travel and subsistence incurred by members of such committees in attendance.

RULE 3 The Secretary

The Secretary shall have the following powers and duties:

- A. It shall be the duty of the Secretary to keep a Journal of each day's proceedings, and to provide a typewritten copy of the same for examination by the President. The Secretary shall each day prepare a calendar of the Orders and Business of the Day and a like calendar for the Committee of the Whole, and such other dockets and calendars as may be ordered, and shall cause a copy to be placed on the desk of each member, at or before the hour of convening.
- B. The Secretary shall have the custody of all bills, resolutions, memorials, petitions, communications, or other measures, instruments and papers introduced in or submitted to the Senate, subject to such disposition thereof as may be provided by the rules of the Senate or the order of the President, and shall be held strictly accountable for the safekeeping of the same. The Secretary shall keep a record of all such measures or instruments, showing at all times the exact standing of each.
- C. The Secretary shall perform such other duties as may be required of the Secretary by the Senate or by the President.
- D. The Assistant Secretary shall act under the direction of the Secretary and in the absence of the Secretary shall perform the duties of the Secretary.

RULE 4 Sergeant at Arms

The Sergeant at Arms shall have the following powers and duties:

A. It shall be the duty of the Sergeant at Arms to attend the Senate and the Committee of the Whole during their sittings, to maintain order under the direction of the President or Chairman, to execute the commands of the Senate, and all processes issued by authority thereof, directed to the Sergeant at Arms by the Presiding Officer. Five minutes before the hour of the meeting of the Senate each day the Sergeant at

Arms shall see that the floor is cleared of all persons, except those privileged to remain.

B. The Sergeant at Arms shall enforce the rules relating to the privileges of the floor and gallery, and perform such other duties as may be required of the Sergeant at Arms by the Senate or by the President.

RULE 5 Members

- A. Every member shall be present within the Senate Chamber during its sittings, unless excused or necessarily prevented; and shall vote on each question put, unless the member has a personal financial interest in the question as set forth in Rule 30, or unless the member is excused from voting in accordance with Rule 15.

Questions of privilege shall have precedence over all other questions, except motions to adjourn or recess, or the call of the Senate when no quorum is present.

- 4. All committees will meet at regularly scheduled times and places. In the absence of the chairman, the vice-chairman shall preside. In the absence of both the chairman and vice-chairman some other committee member designated by the President shall preside. Special meetings may be called at the option of the chairman. However, such meetings shall be announced on the floor of the Senate in open session prior to the meeting. Regularly scheduled meetings can be cancelled or rescheduled only with the permission of the President.
- 5. A written agenda for each regular or special meeting containing all bills, memorials and resolutions to be considered thereat shall be distributed to each member of the committee and to the Secretary of the Senate at least five days prior to the committee meeting. Absence of a bill, memorial or resolution from the committee agenda will prohibit its consideration unless unanimous consent of all committee members is obtained. The action taken on every bill, memorial or resolution on the committee agenda shall be reported to the Secretary of the Senate at the conclusion of the meeting. It shall be the responsibility of the chairman to deliver the committee report for each bill, memorial or resolution that has been voted out of committee to the Secretary of the Senate as soon as the committee amendment is prepared. If there is no amendment, the committee report shall be delivered to the Secretary of the Senate not later than 5:00 p.m. on the day following the day the committee meeting adjourns.
- 6. A bill not on the chairman's agenda shall be scheduled by the chairman for discussion and committee action at the next subsequent committee meeting upon presentation to the chairman of a petition to schedule the bill, and upon filing a copy thereof with the Secretary of the Senate. The consent of a majority of the members of a committee shall be necessary to introduce any bill, resolution or memorial as a majority of committee measure. The consent of a majority of the members present on a committee shall be necessary to report any bill or other measure or matter referred to such committee. If a member opposes the report, he may file a minority report. A minority report shall bear the signature of any number of members joining in its recommendations and shall be considered the recommendations merely of the member or members signing the same.
- 9. Amendments proposed by a committee shall be clearly set forth as an attachment to the committee's report and shall refer to the appropriate page and line of the original or engrossed bill or of another amendment if the amendment is proposed as an amendment to another proposed committee amendment. If the committee has adopted a rule addressing the submission of amendments to committee members, the chairman may preclude the offering of an amendment which does not comply with the rule, may without objection accept the amendment, or may postpone action on the measure until adequate notice has been given. No amendment to strike

everything after the enacting clause and insert new material shall be in order unless notice of intent to offer such an amendment has been given by 5:00 p.m. two days, excluding Saturdays and Sundays, prior to the committee meeting at which the amendment is to be considered by delivering a copy of the proposed amendment to the office of each member of the committee and to the information desk and posting such notice and leaving a copy in the office of the Senate Secretary. The committee report shall be accompanied by a copy of any measure to which amendments are proposed to the committee.

- 10. A roll call vote shall be taken of the committee members at the request of a committee member upon any motion or amendment.

Except as provided herein, all House bills to be scheduled in accordance with paragraph 5 or 6 of this subsection shall be heard prior to Saturday of the week in which the ninetieth day from the beginning of each regular session falls. No committee except the Rules Committee shall hear a bill in violation of this paragraph without the written permission of the President.
- 12. All bills, memorials or resolutions referred to a standing committee shall be reported. Bills, memorials or resolutions which the committee has considered but on which no action has been taken and bills, memorials and resolutions which the committee has not considered shall be reported as such by the chairman of each standing committee at the last regular or special meeting of such committee for each session.
 - C. The Rules Committee of the Senate shall have the following powers and duties:
- 1. All powers and duties of other standing committees of the Senate listed in subsection B of this rule except those powers and duties inconsistent with this subsection.
- 2. On the first day following the convening of the first regular session of each Legislature, the President shall appoint the members of the Committee on Rules, and the said committee shall henceforth have authority to present proposed changes or additions to the rules which upon adoption by the Senate shall be deemed standing rules of the Senate.
- 3. The written agenda for the Rules Committee shall be the calendar for the Committee of the Whole. All other legislative matters shall be in order before the Rules Committee without written agenda.
- 4. Amendments proposed by the Rules Committee should be clearly set forth as an attachment to the Rules Committee report and shall refer to the appropriate page and line of the original or engrossed bill or of another amendment if the amendment is proposed as an amendment to another proposed committee amendment. Substantive amendments may be proposed by the Rules Committee only with the concurrence of the sponsor of a bill if sponsored by an individual or the committee chairman if sponsored by a committee. Corrective or technical amendments may be proposed. A proposed technical or corrective amendment which incidentally affects the substance of a bill or amendment shall require concurrence of the sponsor. No amendment to strike everything after the enacting clause and insert new material shall be offered in the Rules Committee.
- 5. The Committee on Rules shall consider the bill and proposed amendments thereto for constitutionality and proper form and the reasonable germaneness of any amendments. A bill including any amendments shall be presumed to contain one subject if:
- (a) The resulting bill has one general purpose and all other matters contained therein are related to that purpose or necessary to effectuate the purpose.

- (b) The resulting bill is a major revision of a program or agency and each of the provisions relates to the revision.
 - (c) The bill offers only technical or conforming changes to the statutes.
- (d) The bill is an omnibus taxation or appropriation measure and each provision relates to the same general purpose of the bill.
- (e) The bill is a result of a strike everything after the enacting clause amendment and substitutes material designed to accomplish only one purpose.
- 6. In addition to the powers and duties given to the Rules Committee elsewhere in the Senate Rules, the Rules Committee shall have such other powers and duties over legislative matters as are assigned by the President.
- D. Any subcommittee of a standing committee may meet at any time upon the call of the subcommittee chairman without written notice, providing, however, that such meeting shall be announced on the floor of the Senate in open session prior to the meeting. A subcommittee may, without distributing a written agenda, consider any matter assigned to the subcommittee by the chairman of the standing committee.

RULE 8 Calendars

- A. There shall be the following calendars of business reported from committees:
- 1. A calendar of the Committee of the Whole, upon which shall be placed all bills, resolutions and memorials reported by the standing or select committees, except the Rules Committee, to which they have been referred and all bills, resolutions and memorials which have failed in Committee of the Whole, or which have been retained on the calendar. The calendar of the Committee of the Whole shall be prepared and filed in writing with the Secretary of the Senate.
- 2. An active calendar of the Committee of the Whole on which shall be placed those bills, resolutions and memorials designated by the President that have been reported by the Rules Committee and that are drawn from the calendar of the Committee of the Whole on the order of business of the day.
- 3. A unanimous consent calendar on which shall be placed those bills, resolutions and memorials designated by the Chairman of the Rules Committee and drawn from all bills, resolutions and memorials on the calendar of the Committee of the Whole that are unamended as reported by all standing committees to which they were referred. The unanimous consent calendar shall be dated, printed, placed on each member's desk and posted at the information desk 48 hours, excluding nonworking days, prior to being accepted. Any Senator may protest the inclusion of any bill, resolution or memorial on the unanimous consent calendar by submitting a protest in writing to the Secretary of the Senate during the 48-hour notice period. A protest timely submitted by any Senator shall automatically remove the bill, resolution or memorial from the unanimous consent calendar and return it to the calendar of the Committee of the Whole; provided, however, that a bill shall not be removed from the consent calendar for the purpose of proposing a strike everything after the enacting clause amendment. Bills, resolutions or memorials remaining on the unanimous consent calendar shall be placed on the Senate calendar.
- 4. A Senate calendar on which shall be placed all bills, resolutions and memorials reported with a "do pass" or "do pass amended" recommendation by the Committee of the Whole and all bills, resolutions and memorials remaining on the unanimous consent calendar pursuant to paragraph 3.

- 5. An active Senate calendar on which shall be placed those bills, resolutions and memorials designated by the President and drawn from the Senate calendar for consideration by the Senate on the order of business for the day.
- B. Measures shall be reported by the Committee of the Whole in the order and manner in which disposed of by that committee, and those approved shall be placed upon the Senate calendar for third reading in the order established by the President, and retained on the Senate calendar until finally disposed of.

RULE 9 Decorum and Debate

- A. When a Senator desires to speak, the Senator shall rise and address the Presiding Officer, and shall not proceed until the Senator is recognized, and the Presiding Officer shall recognize the Senator who shall first address the Presiding Officer. No Senator shall interrupt another Senator in debate without the Senator's consent, and to obtain such consent, the Senator shall first address the Presiding Officer.
- B. The Senator who sponsors a measure, or the Senator's designee, shall have the right to open and close debate on such measure.
- C. No Senator in debate shall, directly or indirectly, by any form of words, impute to another Senator or to other Senators any conduct or motive unworthy or unbecoming a Senator.
- D. If any Senator, in speaking or otherwise, transgresses the Rules of the Senate, the Presiding Officer shall call the Senator to order; and when called to order the Senator shall sit down and not proceed without leave of the Presiding Officer or upon motion adopted by the Senate, that the Senator be allowed to proceed in order, which motion shall be determined without debate.
- E. If a Senator be called to order for words spoken in debate, the exceptionable words shall, upon the demand of any Senator, be taken down in writing, and read at the table for the information of the Senate.
- F. While the Presiding Officer is putting a question or addressing the Senate, no member shall walk out of or across the Chamber, nor, when a member is speaking, pass between the member and the Chair; nor remain by the Secretary's desk during the call of the roll for the counting of ballots; and the Sergeant at Arms is charged with the strict enforcement of this clause.

RULE 10 Roll Call and Quorum

- A. Upon every roll call the names of the members shall be called alphabetically by the surname, except when two or more have the same surname, in which case the district designation shall be added; and after the roll has been once called, the Secretary shall call in their alphabetical order the names of those not voting or who failed to respond.
 - B. A majority of the Senators elected shall constitute a quorum.
- C. If, at any time during a session of the Senate, a question shall be raised by any Senator as to the presence of a quorum, the President shall forthwith direct the Secretary to call the roll and shall announce the result, and these proceedings shall be without debate.
- D. Whenever it shall be ascertained that a quorum is not present a majority of the Senators present may order a call of the Senate, which order shall be determined without debate, and pending its execution, and until a quorum shall be present, no debate or other motion, except to adjourn, shall be in order. Upon approval of the order to call the Senate, the President shall direct the Sergeant at Arms to request, and, when necessary, to compel the attendance of the absent Senators.

- E. When a quorum is present, a call of the Senate may be ordered by the President or by a majority of the members present to compel the attendance of the absent members. The Sergeant at Arms shall forthwith proceed to bring in absent members until two-thirds of the members elected to the Senate are present.
- F. When a vote is being taken using the electronic roll call system, the provisions of Rule 15.1 shall supersede any provision of this rule which is inconsistent therewith.

RULE 11 Motions

- A. All motions shall be reduced to writing, if requested by the Presiding Officer or by any Senator, and shall be entered on the Journal with the name of the member making it, and shall be read before the same shall be debated.
- B. Any motion or resolution may be withdrawn or modified by the mover at any time before a decision, amendment or ordering of Ayes and Noes, except a motion to reconsider, which shall not be withdrawn without leave of the Senate.
- C. No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment.
- D. When a motion or proposition is under consideration, a motion to amend and a motion to amend that amendment shall be in order, and it shall also be in order to offer a further amendment by way of a substitute amendment.
- E. A question or an amendment containing two or more distinct and separate subjects may be divided upon the demand of any member. A motion to strike out and insert words, both relating to the same subject, and together accomplishing a single change in meaning, is indivisible.
- F. When motions are made for reference of a subject to a select committee, or to a standing committee, the question of a standing committee shall be put first. A motion simply to refer shall not be open to amendment, except to add instructions.
- G. Any motion improperly used for the purpose of delaying or obstructing business is a dilatory motion and may be ruled out of order by the Presiding Officer.
- H. A motion to substitute a House bill for a Senate bill on third reading shall not be in order unless the Senate bill for which substitution is sought is identical to the House bill.

RULE 12 Previous Question (Vote Immediately)

When the previous question is moved, adopted and ordered, it shall have the effect to cut off all debate and bring the Senate to a direct vote upon the immediate question or questions on which it has been ordered. The previous question may be moved with reference to a single motion, a series of motions allowable under the rules, or an amendment or amendments, or may be made to embrace all authorized motions or amendments and include the bill to its passage or rejection. It shall be in order, however, pending the motion for, or after the previous question shall have been ordered, for a motion to be made to commit or to recommit, with or without instructions, to a standing or select committee.

RULE 13 Reconsideration

A. When a question subject to reconsideration has been decided by the Senate by a recorded vote, any Senator who voted on the prevailing side may on the same day or the next day of actual session thereafter move a reconsideration. When a question subject to reconsideration has been decided by the Senate by a non-recorded vote, any Senator may, on the same day or the next day of actual session thereafter, move a reconsideration. If the Senate shall refuse to reconsider, or upon reconsideration shall affirm its first decision, no other motion to reconsider the question shall be in order

unless by unanimous consent. A motion to reconsider shall be decided by a majority vote of the members present, and a motion to lay it on the table shall not be in order. If the motion to reconsider passes, the question reconsidered shall be determined at such time as the President directs.

B. When a bill, resolution, report, amendment, order or measure, upon which a vote has been taken, shall have gone out of the possession of the Senate, and shall have been sent to the House of Representatives, the motion to reconsider shall be accompanied by a motion to request the House to return the same, which last motion shall be acted upon first, and without debate, and if determined in the negative shall be a final disposition of the motion to reconsider. If the motion to request return passes, the motion to reconsider cannot be considered until the question or measure is returned to the Senate by the House.

RULE 14 Bills, Resolutions, Memorials, Engrossed Copies and Amendments

- A. Bills, resolutions and memorials may be introduced by a member or a committee by presenting the original and three copies of such bill, resolution or memorial, unless additional copies are ordered by the President, to the office of the Secretary prior to 3:00 p.m. of the day immediately preceding the day of actual introduction. The name of the sponsor or sponsors shall be on the attached signature page of the bill. Introductions "by request" shall be so designated.
 - B. A bill introduced in the Senate may be cosponsored by House members.
- C. Bills, resolutions and memorials may be introduced during the first 22 days of a regular session and during the first 10 days of a special session. Thereafter, with the exception of death resolutions, introduction may be allowed only with the permission of the Rules Committee.
- D. Bills, resolutions and memorials may be prefiled by any member-elect for introduction in the first regular session during the period following the certification of election of members by the Secretary of State until the first day of the first regular session. Bills, resolutions and memorials may be prefiled for introduction in the second regular session during the period from November 15 next preceding the second regular session until the first day of the second regular session. Bills, resolutions and memorials may be prefiled for introduction in any special session during the period following the Governor's Proclamation until the first day of the special session, provided the bill, resolution or memorial is germane to the call. A bill, resolution or memorial shall be prefiled in the same manner prescribed for introduction. Bills, resolutions and memorials prefiled for introduction pursuant to this rule may be first read on the first day of the session. The name of the sponsor or sponsors shall be on the attached signature page of the bill, resolution or memorial at the time of prefiling.
- E. The original of a bill, resolution or memorial introduced in the Senate shall be designated by brown backing, endorsed "original" and shall remain in the possession of the Secretary. The chairman of each committee to which a bill, resolution or memorial is referred shall receive one copy endorsed "Committee Copy." Subsequent copies shall be endorsed and distributed as the President directs.
- F. Unless otherwise ordered by the President, not less than 250 copies nor more than 3,000 copies of any bill, resolution or memorial shall be duplicated.
- G. All bills prepared for introduction which propose to amend existing statutes shall show the new language in capital letters (upper case) and the deletions shall be shown in regular type (lower case), lined through. New language to be added to the statutes shall be in capital letters (upper case).
- H. The original and two copies of each engrossed measure shall be on paper of durable quality and each page of the original and two copies shall be stamped with the blind embossed stamp of the Senate. All engrossed pages not having a full complement of typed lines shall be marked from the end of the typed page to within one inch of the end of such page. The original Senate engrossed copy shall have a red backing. An engrossed measure ready for the third or final reading shall not be subject to amendment.

- I. Unless otherwise ordered by the President, the Senate shall provide the House with not less than 125 copies and the Legislative Council with 5 copies of each amended engrossed Senate measure with a cover page or pages showing the page and line number of each adopted Senate amendment thereto. For Senate amendments to House measures the same number of copies shall be provided but may consist only of those pages containing the adopted Senate amendments and cover page or pages showing the page and line number of such Senate amendment. For unamended Senate measures the same number of cover pages shall be provided stating that the measure passed as introduced, which will be identical to the original and printed copies.
- J. All bills, resolutions, memorials and engrossed measures shall be line-numbered and such numbering shall begin with the enacting clause. Uniform sized paper, $8\ 1/2$ " x 11" shall be used.
- K. Amendments shall have uniform headings and shall read "amendments to" and shall be in the same form as the original bill. The amendment shall refer to page and line number only and when referring to more than one line shall read "lines through " If everything after the enacting clause is stricken the amendment shall read "strike everything after the enacting clause."

RULE 15 Voting

- A. When the Ayes and Noes are ordered, the names of Senators shall be called alphabetically, and each Senator shall without debate, declare the Senator's assent or dissent to the question, unless the Senator declares a personal financial interest in the question or is excused by the Senate, and no Senator shall be permitted to vote after the decision shall have been announced by the Presiding Officer, but may for sufficient reason change the Senator's vote prior to such announcement. No motion to suspend this rule shall be in order, nor shall the Presiding Officer entertain any request to suspend by unanimous consent.
- B. When a Senator declines to vote on the second call of the Senator's name, the Senator shall be required to assign the Senator's reasons therefor. If the reason assigned is other than a personal financial interest in the question or a substantial interest as defined in the statutory code which is not a personal financial interest in the question, the Presiding Officer shall submit the question to the Senate: "Shall the Senator for the reasons assigned by the Senator, be excused from voting?" which shall be decided without debate; and these proceedings shall be had after the roll call and before the result is announced and any further proceedings in reference thereto shall be after such announcement.
- C. When a vote is being taken using the electronic roll call system, the provisions of Rule 15.1 shall supersede any provision of this rule which is inconsistent therewith.

RULE 15.1 Electronic Roll Call System

- A. In all cases where a rule of the Senate refers to "roll call," "roll call vote" or "recorded vote," such reference shall be understood to refer also to the taking of the vote by an electronic roll call system.
- B. When taking attendance or recording the Ayes and Noes on any question to be voted upon, the electronic roll call system shall be used, unless it is inoperative, and when so used shall have the same force and effect as a roll call taken as otherwise provided in the Senate Rules. This rule may be suspended by a majority of the members present in which case the roll shall be called in accordance with Rule 10.
- C. When the Senate is ready to vote upon any question requiring a roll call and the vote is to be taken by the electronic roll call system, the Presiding Officer shall announce: "You have heard the (motion or third or final reading) of (the matter to be voted upon). Those in favor will vote aye. Those opposed will vote no. The system is now open. The Senate will now proceed to vote."

- D. If a Senator declines to vote, the Senator shall state the reasons therefore as required by Rule 15-B and the system shall not be closed until every Senator who is present has voted, explained the reason for not voting or been excused from voting.
- E. When sufficient time has been allowed the members to vote, the Presiding Officer shall announce: "Have all the Senators voted? The system will now be closed. The system is now closed. The Secretary will now record the vote."
- F. A Senator may change his vote after the roll call system has been closed and before announcement of the result, and not thereafter.
- G. The Secretary of the Senate shall immediately start the recording equipment and, when completely recorded, shall confirm the result to the Presiding Officer, who shall announce the same to the Senate. The Secretary shall enter the vote in the Journal.
- H. No member shall be permitted to vote unless present in person to cast his vote. No member shall vote for another, nor shall any person not a member cast a vote for a member.
- I. When a vote is being taken by the electronic roll call system, this rule supersedes any provision in the Senate Rules inconsistent therewith.

RULE 16 Order of Business

A. Unless otherwise ordered, the Senate shall convene every legislative day at 11:00 a.m., receive a prayer by the chaplain, recite the pledge of allegiance and continue in session until recess or adjournment.

B. The order of business shall be as follows:

Roll Call

Other Business of the Senate

- C. The President shall, upon each day, announce to the Senate the business in order, agreeable to the order of business contained in subsection B of this rule; and no business shall be taken up or considered until the class to which it belongs shall be declared to be in order, nor after the order to which it belongs is closed, except by order of the Senate. All questions relating to the order of business shall be decided by a majority of the members present without debate.
- D. Every bill shall be read by sections on three different days, unless two-thirds of the Senate deem it expedient to dispense with this rule. The vote on the final passage of any bill or joint resolution shall be taken by Ayes and Noes on roll call. Final passage shall be the final disposition of a bill by the Senate.
- E. The Presiding Officer shall give notice at each reading, whether it be the first, second or third reading, and a Journal entry of the same shall be made by the Secretary.

RULE 17 Committee of the Whole

- A. In forming a Committee of the Whole, the President shall leave the Chair after appointing a chairman to preside. The chairman so appointed shall preserve and maintain order.
- B. The calendar of the Committee of the Whole shall be taken up in regular order, or in such order as the committee may determine by a suspension of the rules, unless the order of the bill to be considered was determined by the Senate at the time of going into committee, but bills for raising revenue and the general appropriations bill shall have precedence.
- C. A majority of the members of the Senate shall constitute a quorum to do business in Committee of the Whole.
- D. The rules of the Senate shall be observed in the Committee of the Whole so far as applicable.
- E. In the Committee of the Whole, bills and resolutions shall be read by the Secretary and considered item by item, unless otherwise ordered by the committee, leaving preambles or titles to be last considered. The body of a bill shall not be defaced or interlined, but amendments shall be noted by the chairman or Secretary upon a separate piece of paper and reported to the Senate.
- F. The proceedings of the Committee of the Whole shall be taken down by the Secretary of the Senate, acting as the Secretary of the Committee of the Whole. The chairman of the Committee of the Whole shall in the chairman's report set forth all actions of the Committee of the Whole.
- G. When a bill or resolution is considered in the Committee of the Whole, the only regular motions which are in order are the following:
 - 1. To propose amendments.
 - 2. To limit debate.
 - 3. To recommend.
 - 4. To rise and report.
 - 5. That the bill or resolution retain its place on the calendar.
 - 6. That the bill or resolution be retained on the calendar.
- H. A roll call vote shall be taken when a motion to recommend is defeated. No other roll call votes shall be taken in Committee of the Whole.
- I. No proposed amendment in Committee of the Whole to strike everything after the enacting clause and insert new material shall be in order.
- J. A motion to amend the Committee of the Whole report shall not be in order unless the proposed amendment to the report has been voted on in the Committee of the Whole.

RULE 18 Sitting as in Committee of the Whole

The Senate may by majority vote of the members present sit as in Committee of the Whole for consideration of any subject except if the subject is a bill, memorial or resolution which has been considered in Committee of the Whole, the consideration shall be limited to technical changes.

RULE 19 Journals

- A. The proceedings of the Senate and of the Committee of the Whole shall be briefly and accurately stated in the Journal. Titles of all bills, resolutions and measures, and such parts as shall be affected by proposed amendments, readings, references, reports and every vote, motion and roll call, and a brief statement of the contents of each petition, memorial or paper presented to the Senate shall be entered on the Journal.
- B. All confidential legislative and executive proceedings and the proceedings when sitting as a Court of Impeachment, shall be recorded in a separate book.
- C. The protest or remarks of any Senator and reasons therefor shall be entered on the Journal, if presented in writing, but no protest or remarks shall exceed two hundred words in length without the consent of the Senate.

RULE 20 Proceedings on Nominations

- A. When nominations shall be made by the Governor of the State to the Senate, they shall, unless otherwise ordered, be referred to appropriate committees, and a standing committee. If the nomination is referred to the Rules Committee, the committee, upon consideration, may recommend to the President that the nomination be further referred to another standing committee or may place the nomination on a list of nominations awaiting confirmation by the Senate. If the Rules Committee recommends that the nomination shall be placed on a list of nominations awaiting confirmation by the Senate, the Rules Committee recommendation shall be dated and placed on each member's desk. If a member wishes during the first seven calendar days after action by the Rules Committee to object to the inclusion of the nomination without a hearing by a standing committee other than the Rules Committee, the member may do so by filing a protest in writing to the Secretary of the Senate during the seven day period. If a protest is filed, the President shall remove the nomination from the list and assign the nomination to an appropriate standing committee other than the Rules Committee. No nomination placed upon the list of nominations awaiting confirmation by the Senate shall be considered by the Senate until said nomination has remained on the list for seven calendar days. When a nomination is brought before the Senate, the final question on every nomination shall be, "Will the Senate advise and consent to this nomination?" which question shall not be put on the same day on which the nomination is received nor on the day on which it may be reported by a committee, unless by unanimous consent.
- B. Nominations confirmed or rejected by the Senate shall not be returned to the Governor by the Secretary until the expiration of the time limit for making a motion to reconsider the same, or while a motion to reconsider is pending, unless otherwise ordered by the Senate by a majority of the members present.

RULE 21 Messages

- A. Messages from the Governor of the State, or from the House of Representatives, may be received at any stage of proceedings, except while the Senate is dividing, or while the Journal is being read, or while the question of order or a motion to adjourn is pending.
- B. Messages shall be sent to the House of Representatives by the Secretary, who shall previously certify the determination of the Senate upon all bills, joint resolutions and other measures which may be communicated to the House, or in which its concurrence may be requested, and the Secretary shall also certify and deliver to the Governor of the State all resolutions and other communications which may be directed to him by the Senate.

RULE 22 Amendments of the House

A. Any amendment by the House to any Senate bill shall be subject to one of the following motions or actions:

- 1. Concur in House amendment.
- 2. Refuse to concur in House amendment and appointment of Conference Committee, free or simple.
- 3. The President may refer the bill with the House amendment to a committee for study and recommendations of concurrence or refusal to concur.
- B. Any amendment by the House which includes the addition of the emergency clause shall require a two-thirds vote of the members of the Senate for final passage with the emergency clause.

RULE 23 Conference Committees and Reports

- A. Conference Committees may be either simple or free. A Simple Conference Committee shall be limited to points of disagreement between the two Houses and shall not add unrelated new material, except to conform the provisions to other sections of the bill, enactments of the current session or procedural requirements. A Free Conference Committee may recommend striking amendments, compromising, or inserting something entirely new except that a Free Conference Committee may not recommend striking everything after the enacting clause and inserting new material.
- B. Every conference report shall be accompanied by a detailed statement sufficiently explicit to inform the Senate what effect such amendments or propositions, if any, will have upon the measure to which they relate. A copy of each Conference Committee report shall be placed on each member's desk a reasonable time before consideration of the report. The presentation of reports of committees of conference shall always be in order, except when the Journal is being read or a question of order or a motion to adjourn is pending, or while the Senate is dividing; and when received the question of proceedings to the consideration of the report, if raised, shall be immediately put, and shall be determined without debate.
- C. A Free Conference Committee shall not take final action on a Free Conference Committee report unless the measure has been heard in a public hearing of the Free Conference Committee.
- D. A Free Conference Committee report on a bill which includes conference amendments may, upon the filing of the report in the Secretary of the Senate's office, be reassigned by the President to the Committee on Rules. If assigned to the Committee on Rules, the Committee on Rules shall consider such report for constitutionality and proper form and the reasonable germaneness of conference amendments. A bill including any amendments shall be presumed to contain one subject if:
- 1. The resulting bill has one general purpose and all other matters contained therein are related to that purpose or necessary to effectuate the purpose.
- 2. The resulting bill is a major revision of a program or agency and each of the provisions relates to the revision.
 - 3. The bill offers only technical or conforming changes to the statutes.
- 4. The bill is an omnibus taxation or appropriation measure and each provision relates to the same general purpose of the bill.
- E. Except as provided herein, conference committees shall consider a bill prior to Saturday of the week in which the ninety-seventh day from the beginning of each regular session falls. No conference committee shall meet to consider a bill after such time without the written permission of the President.

RULE 24 Parliamentary Practice and Procedure

Parliamentary practice and procedure in the Senate shall take precedence in the order listed:

- 1. Constitutional provisions.
- 2. Senate Rules.
- 3. Statutory rules and provisions.
- 4. The rules of parliamentary practice and procedure as contained in Mason's Manual of Legislative Procedure.
 - 5. Senate customs and usages.
 - 6. General parliamentary law.

RULE 25 Privileges of the Floor

- A. Except by unanimous consent, or unless otherwise ordered by a two-thirds vote of the Senate, no person except members and officers of the Senate shall have the privileges of, or be admitted to the floor of the Senate Chamber at any time; provided, that the President may grant the privileges of the floor, subject to revocation in any instance by order of the Senate, to ex-members of the Senate, members of the House of Representatives and employees of the Senate. When the Senate is not in formal session, the President, upon application of a Senate Committee, may grant the use of the Chamber to such committee for a time certain for the purpose of holding committee hearings.
- B. For the purpose of addressing the membership of the Senate while in session, the President may, upon request, approve such dignitaries as:
 - 1. The President or past Presidents of the United States.
 - 2. Members of the present United States Cabinet.
- $3.\,$ Ambassadors of or to the United States, and all present United States Senators and Congressmen.
 - 4. The present Governor of Arizona.
 - 5. The present Governor or Head of any other domestic or foreign state.

All other dignitaries may be introduced from the gallery or may be granted speaking time other than when the Senate is in session.

- C. The main gallery shall at all times, except when the Senate is in closed executive session or the Senate or President shall order the galleries cleared, be open to the public, subject to the full observance of the rules of the Senate.
- D. A press gallery shall be maintained, to which shall be admitted only duly accredited representatives of the press holding nontransferable cards issued by the President of the Senate and revocable at the discretion of the President of the Senate. Any press representative desiring admission to the press gallery shall make application to the President of the Senate for a pass, and shall accompany the application with a statement of facts of the representative's press connections, and with a request by the newspaper or news gathering organization with which the representative is connected, for such pass. Not more than one such representative at a time shall occupy a seat in the press gallery if such seat is desired by the representative of any other accredited newspaper or news gathering organization.

RULE 26 Legislative Representatives

- A. Any person desiring to be heard concerning legislation in behalf of any person, firm, association, organization, company or corporation shall first make application in writing to the chairman of the committee, stating the bill the person desires to present arguments upon, and whom the person represents.
- B. The chairman may issue a permit which shall give such person the right to file with the committee having under consideration the bill or legislation regarding which the permit has been issued, written or printed briefs, statements or arguments. If so notified by the committee through its chairman, the person may appear before the committee in open public hearing and present arguments and testimony at the pleasure of the committee. Chairmen of committees shall, on request, give information regarding the holding of public hearings, and the time and place of the same, and committees may hold such public hearings as they desire.

RULE 27 Length of Session

- A. Except as provided herein, regular sessions shall be adjourned sine die no later than Saturday of the week in which the one hundredth day from the beginning of each regular session falls. The President may by declaration authorize the extension of the session for a period of not to exceed seven additional days. Thereafter the session can be extended only by the Senate by a majority vote of the members present.
- B. If not considered in the regular session the General Appropriations bill, the General Capital Outlay bill and the University Capital Outlay bill may be considered in a special session which shall be called only for those purposes.

RULE 28 Amendment of Rules; Suspension of Rules

- A. The Senate Rules may be amended upon vote of the majority of the members of the Senate.
- B. The Senate Rules may be suspended by a vote of a majority of the members present.

RULE 29 Code of Ethics

A. No member shall:

- 1. Intentionally solicit, accept or agree to accept from any source whether directly or indirectly and whether by himself or through any other person any personal financial benefit, including any gift, for himself or another upon an agreement or understanding that his vote, opinion, judgment, exercise of discretion or other action as a public official will thereby be influenced.
- 2. Disclose or use information designated by law as confidential in any manner prohibited by law.
- 3. Knowingly disclose or use, other than in the performance of his official duties, information gained as a result of his official position and which is not available to the general public, for his personal financial benefit or the financial benefit of any other person, including compensation from any employment, transaction or investment entered into that utilizes or is based upon such information.
- 4. Enter into any contract with a public agency for the sale of goods or services or have an interest in the profits or benefits of a contract entered into with a public agency by any other person or entity for the sale of goods or services, unless:
- (a) The total gross annual income value of the contract is less than one thousand dollars, or

- (b) The contract is entered into by a business of which the member, his spouse or any minor child of whom the member has custody, owns or controls, individually or combined, less than ten percent thereof, or
- (c) The contract has been awarded through public and competitive bidding pursuant to law, or
- (d) The subject of the contract between a member and a public agency is an appointment or employment for which an exception exists pursuant to article IV, part 2, section 4 or 5 of the Constitution of Arizona.
- 5. Appear for a fee on behalf of another person or entity before any public agency for the purpose of influencing such agency by use of threat to initiate or take an action in the discharge of his official duties that would be adverse to such agency.
- 6. Participate in any action of the Senate if the member has a substantial interest as defined in section 38-502, Arizona Revised Statutes.
 - B. For the purposes of this rule:
- 1. A member shall be deemed to "have an interest in the profits of a contract" if the contract is entered into by the member or his spouse or any minor child of whom the member has legal custody.
- 2. "Public agency" means all courts and any department, agency, board, commission, institution or instrumentality of this state but does not include counties, cities and towns or any other political subdivision.
- 3. "Business" includes any corporation, partnership, joint venture, sole proprietorship, business trust, enterprise, organization, trade, occupation or profession.
- 4. "Gift" includes any gratuity, special discount, favor, service, economic opportunity, loan or other benefit received without lawful consideration and not provided to members of the public at large but does not include political campaign contributions if such contributions are publicly reported as required by law.
- 5. "Fee" includes any compensation but does not include benefits received pursuant to law as a result of being a legislator.

RULE 30 Personal Financial Interest

- A. A member who anticipates taking an action in the discharge of his official duties in which he may have a personal financial interest shall:
- 1. Prepare a written statement describing the matter to be acted upon and the nature of the potential interest; and
- 2. Deliver a copy of the statement to the President, the Chairman of the Ethics Committee and the Secretary of the Senate. Such statement shall be retained by the Secretary of the Senate as a public record.
- B. A member shall report a potential personal financial interest pursuant to subsection A as soon as the member is aware of such potential interest. If, however, such awareness occurs when the Senate is convened on the floor or during a meeting of a committee, subcommittee or caucus, a member shall report a potential personal financial interest as soon after the adjournment of that body as is practicable.
- C. A member may abstain from taking any action in which he has a personal financial interest. Upon declining to participate in any legislative action on the floor, in committee or in subcommittee, the member shall, in addition to the requirements of subsection A, state his decision and the underlying reasons therefor and such decision shall be recorded in the Journal or minutes of that body.

- D. A member in doubt as to the propriety of any action proposed to be taken by him and involving a potential personal financial interest under this rule may request the Ethics Committee to render an advisory opinion on the facts. The advisory opinion shall be issued not later than five days from the date of the receipt of that request and be filed with the President, the Chairman of the Ethics Committee and the Secretary of the Senate. Such opinion shall be retained by the Secretary of the Senate as a public record.
 - E. For the purposes of this rule:
- 1. "An action in the discharge of his official duties" means introduction, sponsorship, debate, amendment, passage, defeat, approval, consideration or any other official action on any bill, resolution, memorial, amendment, confirmation, nomination, appointment, report or any other matter pending or proposed in a committee, subcommittee, caucus or on the floor of the Senate.
- 2. A personal financial interest exists if it is reasonably foreseeable that an action in the discharge of his official duties will have a material financial benefit or detriment either directly or indirectly on the member, his spouse or any minor child of whom he has legal custody, except that no personal financial interest exists if the legislator or such member of his household is a member of a class of persons and it reasonably appears that a majority of the total membership of that class is to be affected by such action.
- F. A member who has a substantial interest as defined by section 38-502, Arizona Revised Statutes, shall comply with title 38, chapter 3, article 8, Arizona Revised Statutes.

RULE 31 Caucuses

All meetings of a party caucus consisting of members of the Senate shall be open to the public except organizational meetings to elect officers of the caucus and the Senate and meetings to discuss matters permitted in executive session as set forth in section 38-431.03, Arizona Revised Statutes.
